Illinois House Has Provided Funds For Two Weeks

Springfield, Ill., Jan. 13.—(AP)—The house, in its second special session, today approved the appropriation of \$2,500,000 from the general revenue fund for relief purposes from Jan. 15 to Feb. 1.

The vote, by which the bill was sent to the senate, was 131 to one. W. F. Lewis, Robinson Democrat, cast the only negative vote.

No attempt was made to increase the appropriation to \$10,000,000 to provide \$2,500,000 for each of the next four months, but several Republicans joined with Lewis in an attempt to hold the appropriation to \$2,000,000. All but Lewis, however, backed down on the roll call.

Two Republicans, LeRoy Green, Rockford, and Maurice Kalaher, Bloomington, in explaining their votes, raised the question of what the Democrats proposed to do to solve the relief problem beyond this month, but when an attempt was made to call up one permanent plan, sponsored by Richard Lyons, Libertyville Republican, Democrats moved to adjourn until tomorrow morning.

Lewis replied to Kalaher's demand by announcing he was introducing a bill abolishing the Illinois emergency relief commission and providing disbursement of relief funds through a group of state officials.

"The works progress commission has failed," Kalaher declared, "in McLean county there are still 1,600 persons in need of relief let's vote for this bill, catch our breath and then provide a permanent plan."

"I don't want to have to come down here every month for a special session to appropriate relief funds," Green said. "This bill is a stopgap measure, but what about the future?"

Open Trial For 20 Drake Defendants

Chicago, Jan. 13.—(AP)—Defense of the 20 remaining defendants in the Sir Francis Drake mail fraud trial opened today with introduction of evidence tending to show that the defendants were not guilty of the crime. The defense attorneys argued that the defendants were not guilty of the crime and that the prosecution had failed to prove its case.

The court adjourned until tomorrow morning to hear the testimony of the remaining defendants.

Horner's Campaign For Renomination Will be Concentrated in Cook

By Curtis R. Hay
Associated Press Staff Writer
Springfield, Ill., Jan. 13.—(AP)—Governor Horner's campaign for renomination in April will be concentrated in Cook county, as a result of the selection of Dr. Herman N. Bundesen of Chicago as his opponent by the Kelly-Nash Democratic organization.

Several assistants of the governor today disclosed the intention to carry the fight to the home territory of both candidates, expressing the opinion that the issue of city hall dictatorship over the state and the Chicago statebanker's rejection of the candidacy of Lieut. Gov. Thomas F. Donohoe would swing the rest of the state to Governor Horner.

These downstate issues, they said, would be strong enough to offset Bundesen's endorsement by eight downstate leaders who yielded in their desire to support Bruce Campbell, state central committee chairman. Campbell today issued a statement predicting Bundesen's victory April 14 in the primary.

Mr. Horner was silent concerning his campaign plans. Dan Sullivan, secretary of the central committee and a Horner official recently spent considerable time in Chicago launching

the campaign.

The governor was not so reticent concerning the selection of Bundesen. He said it was merely the choice of Mayor Kelly and predicted he would defeat the Chicago board of health president.

"I expect to win the Democratic nomination," the governor said. "The slate named at Chicago was not a nomination, but an endorsement by one man—Mayor Kelly."

"I think the meeting was a pan-tomime in which the leaders were called there to reflect Mayor Kelly's desires."

Campbell's statement disclosed some of the facts of the meeting in which he said eight Chicagoans and eight downstate leaders battled for several hours over the selection of Campbell or Bundesen.

Campbell said he was "satisfied with the selected ticket headed by Senator J. Hamilton Lewis and Dr. Bundesen and it will receive my full and complete support in the primary."

Mr. Horner said he was going to support the candidacies of three members of the Chicago state bank, Martin J. Hughes for secretary of state, and Otto Kerner for attorney general.

ANN C. HEWITT WILL NOT SIGN COMPLAINT

San Francisco, Jan. 13.—(AP)—District Attorney Matthew Brady announced today that his office would not initiate criminal proceedings against those responsible for the sterilization operation performed on Ann Cooper Hewitt, 21-year-old heiress.

Miss Hewitt, who has sued her so-called prominent mother and two physicians for \$500,000 previously declined to sign a mayhem complaint. Brady had said he would prosecute if she signed.

Brady also said he could see no reason for questioning Miss Hewitt, who charged that her mother, Mrs. Maryon Cooper Hewitt McCarter, duped her into the operation in a plot to deprive her of her inheritance.

"I know as much as Miss Hewitt does about the case without interviewing her," Brady declared.

Brady asserted his office was without authority to initiate criminal action by signing a complaint.

Douglas Fairbanks 15 Year Old Ideal Marriage Dissolved

Mary Pickford And Famous Actor Sit Together At Conference

Los Angeles, Jan. 13.—(AP)—The 15-year-old "ideal marriage" of Mary Pickford and Douglas Fairbanks was formally dissolved today while they sat together at a movie business conference.

Judge Dudley Valentine signed the final decree papers as the two film stars were meeting with other officials at the United Artists Studio.

Donna, who returned from England only yesterday, attended the conference as a producer. There, he met Mrs. Pickford, whom he had not seen for nearly 18 months.

Miss Pickford heads a company which also is a unit in the United Artists system.

She was there first.

When Fairbanks entered the conference room, he crossed directly to her and extended his hand. She took it, smiled, and they began to talk as casually and amiably as though he had been gone for only a week-end.

A representative said they chatted in a "very friendly" manner until the business meeting was called.

Blast At Chemical Plant Injures Six

Monroeville, Ill., Jan. 13.—(AP)—An explosion, which wrecked one of the plants of the Monsanto Chemical Co., injured six workmen, four of them seriously, today.

The injured, taken to an East St. Louis hospital, were identified as Hal Stringer, 33; Edward Miller, 36; Louis Eddings, 33; Karl Young, 33; Maurice Rosen, 45; and Ray Groce, 30.

The blast occurred in the chlorine benzene plant of the company. The walls of the four-story building were blown out and fire followed immediately. The blast was extinguished quickly.

Other company employees donned gas masks and carried the injured men from the wrecked building.

The change in the hour of the morning service at the Methodist church, was proved by the good number present to hear Dr. T. B. Long of Jacksonville, to be a successful arrangement, morning worship service at 9:30 followed by the Sunday School at 10:30. This was also well attended.

Dr. Long will hold the service at the same hour on next Sunday.

Mr. and Mrs. F. C. Pearce and the latter's mother Mrs. Belle Clark, spent Sunday afternoon with the former's father, W. C. Pearce, and daughter Miss Louise.

DECATUR MAYOR SAYS CHARGES WERE 'FRAMED'

Blames Disgruntled Politicians For Indictments

Decatur, Ill., Jan. 13.—(AP)—Mayor Harry Barber, indicted with Police Chief Jack Cooper and State's Attorney Arthur Frazier after a special grand jury investigation of vice and gambling conditions, declared tonight the charges were the work of "disgruntled politicians."

Warrants for Mayor Barber and Chief Cooper were in the possession of deputy sheriffs and were expected to be served tomorrow morning, shortly before their scheduled arraignment in Circuit Court.

State's Attorney Frazier was a patient in a Chicago (Hines Memorial) hospital, suffering from a throat ailment, and his arraignment was expected to be delayed pending his release from the hospital.

The indictments were returned after a seven-week study by the grand jury, whose work was directed by Charles P. Evans as special prosecutor appointed by Circuit Judge C. V. Miller.

The jury foreman was the Rev. Homer Sale, pastor of the First Christian church here.

Mayor Barber, charged with malfeasance, embezzlement and making false reports of campaign funds, said today he desired an early trial. Chief Cooper, charged with malfeasance, said he had not heard of the charges officially and knows "nothing of them."

State's Attorney Frazier was charged with malfeasance, embezzlement and with accepting bribes.

Seven tavern keepers and one alleged gambler were also indicted as the grand jury concluded its work. The tavern keepers were accused of selling liquor to minors and the eighth defendant was charged with keeping a gaming house.

The grand jury previously had submitted 63 true bills as it delved into charges that gambling resorts and houses of ill repute existed plentifully in the county. The jury charged Mayor Barber and Chief Cooper with failure to take proper action against such establishments. Decatur has a population of 57,000.

To Compete In State Drama Tournament: Other News From Scott

Winchester, Jan. 13.—The play "Kleptomaniac" by Margaret Cameron, which was the entry of the Winchester Women's Club for the State Music and Drama Tournament by being one of the two plays selected from the 10 winners in the sectional tournaments in the southern half of the state. The play was the winner in the district tournament held here last week and placed first in the sectional meet here Saturday evening in competition with three plays from Pike county. The Winchester cast will compete with three other plays for State honors in Champaign Thursday evening as a part of the Farm and Home Week which is being held there at this time.

The play was directed by Mrs. David Hainsworth and the cast of characters follows:

Mr. John Burton (Peggy)—Mrs. E. H. Mellon.

Mrs. Valerie Chase (Archie)—a young widow; Mr. Ralph Peak.

Mrs. Charles Dwyer (Mable), the bride—Mrs. Bryan Knuckey.

Mrs. Preston Ashley (Bertha)—Mrs. W. E. Harper.

Miss Evelyn Evans (a journalist)—Mrs. A. H. Chapman.

Katie (Mrs. Burton's maid)—Mrs. J. H. Fuller.

The plays were judged Saturday evening by Wesley Swanson of the University of Illinois who was accompanied by B. R. Regnier of the Rural Sociology Department of the University who is sponsoring this work.

George E. Metzger, secretary of the Illinois Agricultural Association, will address a special session of the Scott County Farm Bureau to be held at the Scott county court house Thursday afternoon, January 16th, at 1:30 o'clock on the subject of the future of AAA. Mr. Metzger will discuss the future and the individual part each farmer can do in building a successor to the act which was recently held unconstitutional by the United States Supreme Court.

News Notes.

Among those from Winchester attending the services for W. R. Breach, former pastor of the Baptist church in Winchester, which were held in Danville today, were: Mrs. Claude Thomas, Mrs. W. B. Clark, Mr. and Mrs. Karl Thomas and Mrs. T. J. Dugan.

Mrs. Kathryn Maclean and daughter, Patricia, arrived Sunday evening from California to visit Mrs. Maclean's parents, Mr. and Mrs. W. L. Bagshaw.

Mr. and Mrs. Harry Pickcock and daughter, Ann, of Jerseyville, visited Mrs. Pickcock's parents here yesterday.

CLAIM WILSON DID NOT TRUST VON BERNSTORFF

Letter From President To Col. House Made Public

By Richard L. Turner
Associated Press Staff Writer
Washington, Jan. 13.—(AP)—The Senate Munitions Committee in adjournment today revealed today that President Wilson profoundly distrusted the sincerity of Germany's war-time Ambassador, Count Von Bernstorff, in the tortuous negotiations which followed the signing of the Lusitania.

With J. P. Morgan bulking filling in the witness stand, the committee made public a letter from Wilson to Col. Edward M. House, his close advisor, containing an expression to this effect and another that Germany was trying to force the United States into the position of a "cat's paw."

The letter was introduced for the sake of one paragraph dealing with a disclosure that the federal reserve banks, by discontinuing bankers' acceptances, financed \$100,000,000 of war-time trade with the allies, while the United States was still a neutral.

Because of the reference to Von Bernstorff and other intimacies of diplomatic policy, Senators Barbour (R-N.H.) later sought unsuccessfully to withdraw the letter from the press, regretting he said, the "unfortunate language" it contained.

With Morgan disclaiming any responsibility, the committee earlier produced evidence that the Midvale Steel company set virtually its entire plant to the execution of British orders, leaving ammunition orders of the United States army unfilled.

Morgan's correspondence showed Great Britain expressing apprehension lest American needs retard the delivery of shells for use in France, while the orders of its own government then embroiled on the Mexican border.

The committee announced, Midvale officials would be called to the witness stand, probably next week.

U.S. Loses \$200,000,000 in Impounded AAA Processing Tax Thru Court Decision

By Melbourne Christerson
Washington, Jan. 13.—(AP)—The government lost \$200,000,000 in impounded AAA processing taxes today through a supreme court decision which left unsettled the larger question of whether the treasury must refund any of the \$1,000,000,000 it has collected.

Almost simultaneously the high court deferred for several weeks at least the question of the constitutionality of the Bankhead Cotton control act, explaining that a case presenting that issue was not in proper form for supreme court consideration.

There was no announcement on the third New Deal case which the justices had under consideration. Presumably a decision will be forthcoming next Monday on the Tennessee Valley soil involving the government's right to enter the electric power business.

The tax decision, unanimous and read by Justice Roberts, who last week announced the verdict smashing AAA, brought immediate forecasts that congressional would be asked to enact new revenue-raising legislation.

As soon as he heard of the court's action, Representative Disney (D-Okla.), a member of the House Ways and Means committee, said:

"We are going to have to approve some new tax bill for certain now. I don't know where we could raise the money, but some of us can't go home until we pay off the farmers."

The \$200,000,000 involved in today's decision had been paid into depositories under the direction of lower courts by processors who began last June to seek injunctions restraining collection of AAA taxes on the ground the farm act was invalid.

Others continued to pay, and the treasury collected \$89,437,350 between June 27, 1935—the date the first injunction was sought—and last Monday, when the AAA was definitely invalidated.

As a result of the impounding of the \$200,000,000 the AAA, which kept on paying farm benefits until last Monday, found itself "in the red" by that amount. In addition, it owes \$280,000,000 more to farmers who adjusted crop production under 1935 contracts.

Thus, the administration faces the necessity of raising at least \$480,000,000 to make up the tax deficit and carry out its proposal to pay farmers for performance under the 1935 AAA contracts. President Roosevelt in his budget message warned that if court attacks on AAA were sustained, "we will have to face the problem of financing existing contracts out of some form of new taxes."

HAUPTMANN'S LEGAL STAFF IS ENLARGED

Grasp For Court Move To Save Carpenter From Chair

Trenton, N. J., Jan. 13.—(AP)—Another day slipped from the few remaining hours before Bruno Richard Hauptmann's short "death walk" while his enlarged legal staff grasped tonight for the court move that held the most hope for success.

The lone "chance" brought forward since the state court of pardons denied Hauptmann's plea for clemency in the Lindbergh baby kidnapping-murder seemed merely an old one brought to life.

State police said they had heard long ago of the purported story of a Chicago prisoner that he knew three men who possessed some of the Lindbergh ransom money. But they said their request for further details from Bernard M. Flinnigan, Chicago attorney who flew to New Jersey last night, brought no reply.

Governor Harold G. Hoffman, his whereabouts undisclosed on the eve of the opening of a new legislative session, kept silent on the possibility that he might grant a reprieve extending Hauptmann's life beyond the time set for his execution—8 p. m. next Friday.

There was a possibility the governor might wait if he acted at all until a short time before the "death hour." In the hope of obtaining new information from the condemned man.

Another possible twist by the governor to the death act was speculated upon. His first trip to see Hauptmann—a secret meeting at night—was followed by intense evidence bearing upon the case.

The court moves presumably being considered by the lawyers—few and of doubtful success—were an application before the United States Supreme Court or a lower federal court for a writ of habeas corpus, and a new trial motion before Supreme Court Justice Thomas W. Trenchard, who presided at the Flinnigan trial.

Radio Facilities Of 2 Companies Are Denied GOP

New York, Jan. 13.—(AP)—The two major broadcasting companies refused their radio facilities tonight to the Republican national committee for political purposes, one of them banning politics from the air entirely until after party conventions next summer.

The National Broadcasting company and the Columbia Broadcasting system both refused to sell to Republican National Chairman Henry P. Fletcher facilities for political dramatizations of New Deal Republican issues.

Making public a letter written Fletcher January 6, Columbia through President William S. Paley banned permanently any form of dramatization of political issues, and temporarily ruled off the air paid political broadcasting until after the convention.

We have decided that we will not now sell time to the Republican party, the Democratic party, or any other political organization, until after the conventions next summer, Paley advised Fletcher.

Paley stated that it was not the policy of Columbia to permit anyone to make use of Columbia's facilities as they saw fit, "since responsibility for the structure of broadcasting lies with us, rather than with those who buy time from us."

Columbia will continue to operate on a completely non-partisan basis, he emphasized.

Lonok R. Lohr, president of NBC, wrote Fletcher that the presentation of the Republican-sponsored dramatizations would violate NBC's policies toward the radio public.

"To accept such dramatic programs as you have offered, Lohr wrote, would place the discussion of vital political and national issues on the basis of dramatic license, rather than on a basis of responsibility stated fact or opinion."

For the reasons stated, we must decline to accept the dramatized political programs and the compensation you have offered us, but we shall be glad to follow our established policy of furnishing to political parties the opportunity to present the views of their responsible spokesmen on the public questions involved."

State's Attorney George W. Howard Jr. said reports of Miller's suicide had reached him, but they were unverified and he sought the indictment anyway.

An exceptionally heavy man, weighing about 300 pounds, Wilson lived at Woodlawn. He had been a fugitive since last week, however.

Open Trial For 20 Drake Defendants

Chicago, Jan. 13.—(P)—Defense of the 20 remaining defendants in the Sir Francis Drake mail fraud trial opened today with introduction of evidence supporting to show they joined with some 76,000 alleged victims in contribution to the scheme.

Remains started last April in the Sir Francis Drake mail fraud trial. In an attempt to show the defendants believed in the story of Sir Francis' riches enough to spare some of their own cash for a chance of a share in it.

Presentation of defense testimony began after 21 of the original 41 defendants were freed today on directed verdicts of acquittal by Federal Judge Philip L. Sullivan.

The court adjourned those acquitted to "go and sin no more." This afternoon's session indicated most of them preferred to remain and see the lengthy trial to a finish. The difference was that they saw with the spectators instead of the defendants.

Those acquitted today included Earl Palmer Galva, Ill.

Grace Wood Bride Of Alvin Heitbrink

Meredosia Couple United in Ceremony Sunday at Lutheran Church

Meredosia, Miss Grace Wood, daughter of Mr. and Mrs. George Wood of Meredosia, and Alvin Heitbrink, son of Mr. and Mrs. Fred Heitbrink, also of Meredosia, were married Sunday afternoon at the Lutheran church with Rev. Hallen officiating, before a large number of relatives and friends.

Following the ceremony a supper was given at the home of Mr. and Mrs. Fred Heitbrink. The bride couple will reside in Meredosia, where Mr. Heitbrink is engaged in business.

The bride was beautifully dressed in a satin dress of pastel blue with white draped veil and carried a bouquet of white lilies. The double ring ceremony was used. The couple were attended by the bride's sister Mrs. Effie Mae Luckeman of Alton, and the groom's brother Fred Heitbrink, Jr. of this city. There was a large audience of friends and relatives present at the church, which was artistically decorated with white lilies.

The groom is the son of Mr. and Mrs. F. J. Heitbrink of east of town and is a graduate of Meredosia High School and also of Illinois State Normal University. For the past three years he has been the teacher at the Seavore school east of town. The bride is the youngest daughter of Mr. and Mrs. George Wood of this city and attended Jacksonville High School. After the ceremony at the church the bride and groom and a number of relatives went to the home of the bride's parents where a wedding supper was served. At which time the beautiful wedding cake was presented by Miss Ruth Heitbrink sister of the groom.

The guests present at the supper besides the bride and groom were as follows: Mr. and Mrs. George Wood and son George Milton, of this city; Rev. and Mrs. Wm. Jording and family, of Mt. Leonard, Mo.; Rev. and Mrs. W. A. Hallen, of Bluffs; Mrs. Anna Hiens of Blackburn, Mo.; Mrs. Carrie Rolf, Alma, Mo.; Mrs. Sarah Woods, Mrs. Annabelle Sellers, Mrs. Effie Luckeman and daughter, Mrs. Bertha Luckeman all of Alton, Ill.; J. C. Mathews of Grifton, Ill.; Miss Hazel Buehlig, Miss Allaire Schenker, Jack Moline, Mrs. Lella Hocking, all of Jacksonville, Mr. and Mrs. F. F. Heitbrink and family, Mr. and Mrs. Alfred Berghaus and family, Mr. and Mrs. Owen Heitbrink and family, Mr. and Mrs. J. D. Ommen and son and Miss Louise Meier all of Meredosia vicinity.

During the evening the young couple were treated to a charivari at which time delicious refreshments were served. Mr. and Mrs. Heitbrink received many beautiful and useful gifts and they will reside in Meredosia.

DECATUR MAYOR SAYS CHARGES WERE 'FRAMED' VON BERNSTORFF

Blames Disgruntled Politicians For Indictments

Decatur, Ill., Jan. 13.—(P)—Mayor Harry Barber, indicted with Police Chief Jack Cooper and State Attorney Arthur Frazier after a special grand jury investigation of vice and gambling conditions, declared tonight the charges were the work of "disgruntled politicians."

Warrants for Mayor Barber and Chief Cooper were in the possession of deputy sheriffs and were expected to be served tomorrow morning, shortly before their scheduled arraignment in Circuit Court.

State Attorney Frazier was a patient in a Chicago (Hines Memorial) hospital, suffering from a throat ailment, and his arraignment was expected to be delayed pending his release from the hospital.

The indictments were returned after a seven-week study by the grand jury, whose work was directed by Charles E. Evans as special prosecutor appointed by Circuit Judge C. Y. Miller. The jury foreman was the Rev. Homer Sala, pastor of the First Christian church here.

Mayor Barber, charged with malfeasance, embezzlement and making false reports of campaign funds, said today he desired an early trial. Chief Cooper, charged with malfeasance, said he had not heard of the charges officially and knows "nothing of them."

State Attorney Frazier was charged with malfeasance, embezzlement and with accepting bribes. Seven tavern keepers and one alleged gambler were also indicted as the grand jury concluded its work.

The tavern keepers were accused of selling liquor to minors and the eighth defendant was charged with keeping a gaming house.

The grand jury previously had submitted 63 true bills as it delved into charges that gambling resorts and houses of ill repute existed plentifully in the county. The jury charged Mayor Barber and Chief Cooper with failure to take proper action against such establishments. Decatur has a population of 37,000.

CLAIM WILSON DID NOT TRUST VON BERNSTORFF

Letter From President To Col. House Made Public

By Richard L. Turner Associated Press Staff Writer Washington, Jan. 13.—(P)—The Senate Munitions Committee in addition to the letter from President Wilson, which was made public today, revealed that President Wilson profoundly distrusted the sincerity of Germany's war-time ambassador, Count Von Bernstorff, in the tortuous negotiations which followed the signing of the Lusitania.

With J. P. Morgan bulking filling its witness stand the committee made public a letter from Wilson to Col. Edward M. House, his close advisor, containing an expression to this effect and another that Germany was trying to force the United States into the position of a "catspaw."

The letter was introduced for the sake of one paragraph dealing with disclosure that the federal reserve banks, by discounting bankers' acceptances, financed \$100,000,000 of war-time trade with the allies, while the United States was still a neutral.

Because of the reference to Von Bernstorff and other intimate matters of diplomatic policy, Senators Barbour (R-N.J.) later sought unsuccessfully to withdraw the letter from the press, regretting, he said, the "unfortunate language" it contained.

With Morgan disclaiming any responsibility, the committee earlier produced evidence that the Midvale Steel company set virtually its entire plant to the execution of British orders, leaving munitions orders of the United States army unfilled.

Morgan correspondence showed Great Britain expressing apprehension lest American needs retard the delivery of shells for use in France with Midvale replying that, "on the contrary," it has "seriously delayed" filling the orders of its own government, then embroiled on the Mexican border.

The committee announced, Midvale officials would be called to the witness stand, probably next week.

U.S. Loses \$200,000,000 in Impounded AAA Processing Tax Thru Court Decision

By Melbourne Christerson

Washington, Jan. 13.—(P)—The government lost \$200,000,000 in impounded AAA processing taxes today through a supreme court decision which left unsettled the larger question of whether the treasury must refund any of the \$1,000,000,000 it has collected.

Almost simultaneously the high court deferred for several weeks at least the question of the constitutionality of the Bankhead Cotton control act, explaining that a case presenting that issue was not in proper form for supreme court consideration.

There was no announcement on the third New Deal case which the justices had under consideration. Presumably a decision will be forthcoming next Monday on the Tennessee Valley suit involving the government's right to enter the electric power business.

The tax decision, unanimous and read by Justice Roberts, who last week announced the verdict smashing AAA, brought immediate forecasts that congress would be asked to enact new revenue-raising legislation.

As soon as he heard of the court's action, Representative Disney (D-Okl.), a member of the House Ways and Means committee, said:

"We are going to have to approve some new tax bill for certain now. I don't know where we could raise the money, but some of us can't go home until we pay off the farmers."

The \$200,000,000 involved in today's decision had been paid into depositories under the direction of lower courts by processors who began last June to seek injunctions restraining collection of AAA taxes on the ground the farm act was invalid.

Others continued to pay, and the treasury collected \$69,427,350 between June 27, 1935—the date the first injunction was sought—and last Monday, when the AAA was definitely invalidated.

As a result of the impounding of the \$200,000,000 the AAA, which kept on paying farm benefits until last Monday, found itself "in the red" by that amount. In addition, it owes \$280,000,000 more to farmers who adjusted crop production under 1935 contracts.

Thus, the administration faces the necessity of raising at least \$480,000,000 to make up the tax deficit and carry out its proposal to pay farmers for performance under the 1935 AAA contracts. President Roosevelt in his budget message warned that if court attacks on AAA were sustained, "we will have to face the problem of financing existing contracts out of some form of new taxes."

Radio Facilities Of 2 Companies Are Denied GOP

One Firm Bans Politics From The Air Entirely Until Next Summer

New York, Jan. 13.—(P)—The two major broadcasting companies refused their radio facilities tonight to the republican national committee for political purposes, one of them banning politics from the air entirely until after party conventions next summer.

The National Broadcasting company and the Columbia Broadcasting system both refused to sell to Republican National Chairman Henry P. Fletcher facilities for political dramatizations of New Deal Republican issues.

Making public a letter written Fletcher January 8, Columbia through President William S. Paley banned permanently any form of dramatization of political issues, and temporarily ruled off the air paid political broadcasting until after the convention.

"We have decided that we will not now sell time to the Republican party, the Democratic party, or any other political organization, until after the party conventions next summer," Paley advised Fletcher.

Paley stated that it was not the policy of Columbia to permit anyone to make use of Columbia's facilities as they saw fit, "since responsibility for the structure of broadcasting lies with us, rather than with those who buy time from us."

"Columbia will continue to operate on a completely non-partisan basis," he concluded.

Lenox R. Lohr, president of NBC, wrote Fletcher that the presentation of the Republican-sponsored dramatizations would violate NBC's policies toward the radio public.

"To accept such dramatic programs as you have offered, Lohr wrote, "would place the discussion of vital political and national issues on the basis of dramatic license, rather than upon a basis of responsibility stated fact or opinion."

"For the reasons stated, we must decline to accept the dramatized political programs and the compensation you have offered us, but we shall be glad to follow our established policy of furnishing to political parties the opportunity to present the views of their responsible spokesmen on the public questions involved."

Hauptmann's Legal Staff Is Enlarged

Grasp For Court Move To Save Carpenter From Chair

Trenton, N. J., Jan. 13.—(P)—Another day slipped from the few remaining before Bruno Richard Hauptmann's short "death walk" while his enlarged legal staff grasped tonight for the court move that held the most hope for success.

The lone "clue" brought forward since the state court of pardons denied Hauptmann's plea for clemency in the Lindbergh baby kidnap-murder seemed merely an old one brought to life.

State police said they had heard long ago of the purported story of a Chicago prisoner that he knew three men who possessed some of the Lindbergh ransom money. But they said their request for further details from Bernard M. Finnigan, Chicago attorney who flew to New Jersey last night, brought no reply.

Governor Harold G. Hoffman, his whereabouts undisclosed on the eve of the opening of a new legislative session, kept silent on the possibility that he might grant a reprieve extending Hauptmann's life beyond the time set for his execution—8 p. m. next Friday.

There was a possibility the governor might wait if he acted at all until a short time before the "death hour" in the hope of obtaining new information from the condemned man.

Another possible visit by the governor to the death cell was speculated upon. His first trip to see Hauptmann—a secret meeting at night—was followed by intense efforts on his part to turn up new evidence bearing upon the case.

The court moves presumably being considered by the lawyers—few and of doubtful success—were an application before the United States Supreme Court or a lower federal court for a writ of habeas corpus, and a new trial motion before Supreme Court Justice Thomas W. Trenchard, who presided at the Flemington trial.

Living to 100

John D. Rockefeller, whose ambition now is to live to the age of 100 years, has found that he must give up most of the physical exercise he has enjoyed. No more golf for him, and few auto rides. If the weather is warm he goes for a short walk in the morning, but his life consists largely of complete rest and relaxation.

Yet this man whose physical frame has to be so carefully guarded, is keen mentally. When his son visits him, there are long conversations relative to important affairs. He reads his mail and the daily papers. He chats with his family for a time each afternoon. His mental life appears as vigorous as ever, and his interest in the world of affairs is just as keen.

All of which points to something which religiousists might hail as a proof of immortality. Physical life fails, but as long as the organs thru which mentally functions remain intact, the mind is keen and alert. There is something about the thought life of man which does not age. Even tho the physical structures change once every seven years of life, which means that Mr. Rockefeller has had thirteen complete changes of the materials composing his body, memory, thought, knowledge and personality persist thru life, not only unchanged, but showing continuous development.

It is safe to say that, if Mr. Rockefeller's physical life can be preserved, he will reach the century mark and pass it, and his mind will continue to function in its present alert manner; his interest in the modern world will still be keen and penetrating.

What We Owe The Indian

As a rule the white man figured he did not owe the Indian anything. Having purchased Manhattan Island for \$24, he thought he might take the rest of the country without payment. But when agriculture began in the American Bottom along the Mississippi river in Illinois in 1799, the French settlers found the Indian could teach them much. In fact the Indian had already taught the white man many things about agriculture.

Corn or maize, today the nation's staple crop, was here when the European settlers arrived, and the Indian had always sowed broadcast, but the white man advised them it was better to plant corn in rows and hills. To fertilize the crop the Indian placed a fish in each hill, a process which would be rather expensive today, but which taught a useful lesson in fertilization.

Beans, potatoes, tomatoes, pumpkins, melons and tobacco were all known to the Indian and introduced to the white man on his arrival. To be sure, the settlers developed the crops into the staple food sources they are today. The Indian preferred to hunt and fish, but he soon learned that agriculture provided the easier and more profitable method of obtaining food. Had the Indian adapted agriculture he might have multiplied in the land as the white man has done. He was a good beginner, and we owe him much, but he failed to profit by his own teaching.

A Famous Old Song

Theodore Metz, 81, composer of the half-century old favorite, "There'll Be a Hot Time in the Old Town Tonight," died Sunday in New York. Metz, who in early life was the leader of a wandering minstrel band, composed the song while waiting at a railroad station in a Louisiana town and watching the citizens run about to extinguish a fire in a nearby residence.

The song was one of those rocking airs that stirred the American of the "gay nineties." It became famous when American troops sang it as they charged up San Juan Hill in the war of 98. The bluesmen took the hill and the town and made the prediction come true.

The Spanish who heard the song could not understand it, but they tried to translate it. Spanish papers giving an account of the battle stated that an American charged up the hill singing. "There will be a warm period in the ancient city this evening." And it was so.

In The Matters of Advertising and Mr. Tugwell

Mr. Tugwell, everybody guesses, says advertising is a sinful waste of money. Joel Cheek died Friday, down in Jacksonville, Florida. His home was in Nashville. He started life, as Bill Nye used to say, with "one suspender and a sore toe." He was a grocery clerk. Soon he owned the business. He made coffee, put it in cans ready to serve. It was an idea. It was his idea. He advertised. He put millions of dollars into advertising. Nobody paid any more for his coffee than they did for coffee that wasn't advertised. Millions of people bought it because they liked the idea. It has been repeated and repeated since by other coffee merchants. Joel Cheek and his partner sold out for 40 millions of dollars.

There are two kinds of values—that which is inherent in the article and the mind value. That is peculiar to the customer. Mind value is the thing that makes two women argue over the respective merits of cheese, fur coats or flowers. Advertising impresses on the mind the certain things in life that may please. There would be no national distribution of a thousand items of merchandise if it were not for advertising—that is if those things that one thinks about once in a while were not continually impressed upon one by the repetition of the advertising. Dr. Tugwell says advertising adds to consumer cost. It is exactly the other way around. One might suppose ten thousand witnesses in the form of advertised products to disprove a statement so absurd.

Advertising took control out of the barrel in which mice slept and placed it in clean packages. So it did to prunes and pickles. It took the orange from the toe of the Christmas stocking, and made it a nation's fruit food. It made the public flinches about the kind of bread it bought. It put dresses on the market and took away the uncertainty of what to wear. Advertising raised the standard of living in millions of homes.

The smart Mr. Tugwell is ignorant of human beings, human behavior and of the ordinary commonplace of life when he says it increases costs. Bacon was once a chunk of hog meat. It was glorified into something else by the pictured beauty of a slab of this food; that too is the story of ham and a hundred other foods. Advertising has and will continue to increase consumption and lower prices.

What made a nation drink tomato juice and ask for canned pineapple? What made the people want canned soups and freshly baked crackers and cookies in packages? Surely not by making better cakes, cookies and crackers than anyone else but by first making good foods and then telling the asthmatic world about it in type and picture. But to get back to our mutter—this time the sheep is Tugwell. He would go back to the days of the town crier—if to anything at all.

Long before Christ preached his Sermon on the Mount or told his disciples to go out into the world and tell everyone about the new plan of salvation, the Chinese were putting printed placards on the walls and movable types were used to advertise the wares of Chinese retailers.

Tugwell does actually believe in advertising. Let all the newspapers of the nation, all the magazines and all the publications—radio and all channels for the dissemination of information—be closed against Mr. Tugwell and he would last about as long as the more or less celebrated feather in hell.

Tugwell lives on publicity. If took him out of his natural obscurity and gave him a place in the sun. Otherwise he would have been neither asset nor liability—a non-entity. That is advertising. He would die like any other microbe if there was nothing on which to feed. His feed is the hearing of the non-entities advertising his exploits. He believes his own attitude in advertising. Bombers Can't Call Shots

There came to hand recently a photograph of the Ethiopian town of Dessale. The picture was taken by an Italian aviator during the bombing raid of Dec. 31 and to look at it is to understand why aerial warfare will always bring its sorry tale of the bombing of hospitals and the killing of noncombatants.

For the photograph looks like little more than a glorified map. The keen-eyed observer who ever sat in a plane would be hard put to tell which of its tiny dots represented a private house and which a barracks. It told where the town was, where the open country was, where woods and hills and streams were—but little more.

Aviators, in other words, cannot pick their targets with hair-line-accuracy. They must fly high to avoid anti-aircraft guns; flying high, they naturally can't call their shots. That being the case, they are pretty certain to kill a number of innocent people they didn't mean to kill. That fact of things apparently is an inescapable part of the use of bombing planes.

Behind The Scenes In Washington

Surveys Indicate WPA Isn't Meeting Relief Problem . . . "Two Chickens in Pot? No, Two Wolves at Door!" . . . A Great Sight Was the Morgan Appearance Before Senate Probe Committee.

By RODNEY DUTCHER
Journal-Courier Washington Correspondent

Washington—Along with its other troubles, the administration must almost certainly face a battle over relief at this session of Congress. The program apparently isn't meeting the problem. Surveys by the American Conference of Mayors, the International City Managers' Association, and national welfare groups all show that the plan to put the "unemployables" on WPA work relief and the "unemployables" on local direct relief without federal aid just isn't working out.

About a million "unemployables" haven't been covered by WPA, although that federal agency has about reached its quota of 3,500,000 put to work. It is estimated by Paul V. Betters, secretary of the mayors' organization, on the basis of partial results of a survey covering 183 cities and 48 states.

That would mean a load of from three to four million men, women, and children on community direct-relief facilities which was not contemplated in Roosevelt's work-relief program.

Nearly all city officials insist they can't handle that added load. A few say they can get by if the federal government will do its promised part. Others say they can't handle their "unemployables" even if WPA does take over the rest.

Money Soon Gone
Few realize it, but the \$1,082,000,000 allotted to WPA will be about gone by April and Harry Hopkins will need about half a billion more if the program is to carry through the fiscal year to July.

Some or all of this may be snatched from other allotments from the \$4,000,000,000 work-relief fund.

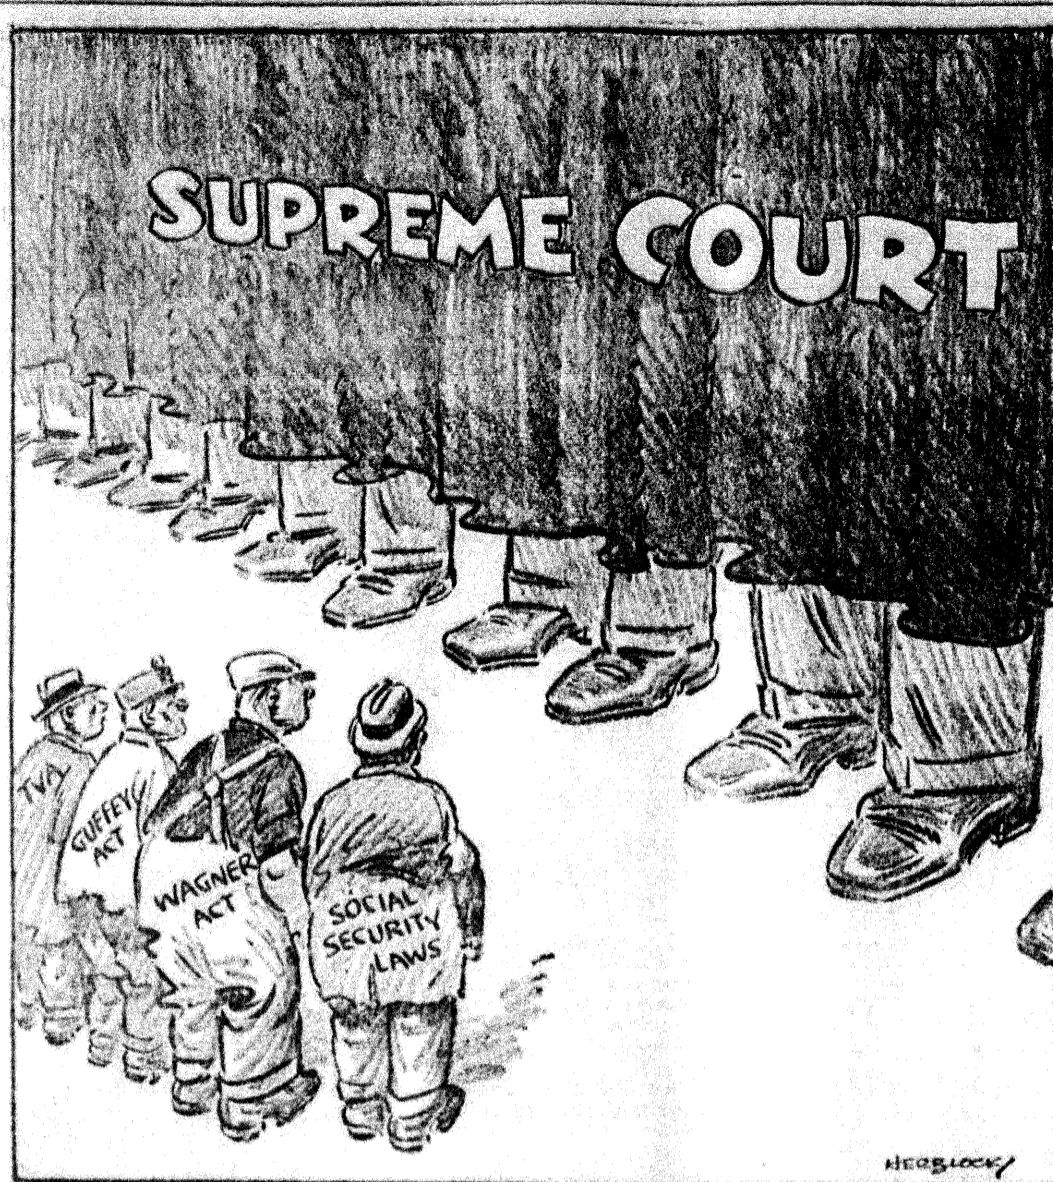

Meanwhile, WPA has no intention of expanding its program to take in the "uncovered" employables. Like many of the Community Chests at this time, it figures its money will run out all too soon. Anyway, there's no other explanation of why it insists on counting in 3,500,000 instead of adding another half-million of bona fide employables now on relief.

Another year of WPA, employing 3,500,000, would cost about two billion dollars. The demand for further federal aid both for the present fiscal year and next, may be effective enough to snail Roosevelt's budget dreams even more than the AAA ruling did.

Otie Wiley Badly Burned Sunday in Accident at Camp

Serious Injuries Put Local Man in Hospital; Brother Finds Him in Flames

Otie (Dink) Wiley is in a serious condition at Our Saviour's hospital as the result of burns received early Sunday morning when his clothing caught fire at a camp south of the Alton tower between the Alton and Burlington tracks. Wiley was burned from his hips to his ankles, the skin being completely seared.

His twin brother, Claude Wiley, had left the camp fire to obtain some water. When he returned he found his brother's clothes in flames. He did what he could to extinguish the flames. Train men on a passing freight saw the situation and dropped from the cars to assist. The conductor notified William Haneline, the tower man, as the train passed, and the latter called police.

Officers Stout and O'Connell and Night Capt. Williams responded to the call and assisted in taking Wiley to the hospital, where he was attended by Dr. T. O. Hardesty.

Claude Wiley said Monday he had gone to the camp about 10 o'clock Saturday night and that his brother joined him later. He said it must have been about 2 o'clock Sunday morning when he awoke and went to get some water from a well on East College avenue. When he re-

Mayor Blackburn on Commission to Plan School for Police

Mayor Kapp Names Group to Recommend Training for Officers Over State

Mayor F. J. Blackburn has been named a member of a statewide commission to arrange a training school for police officers. The appointment was made by Mayor Kapp of Springfield as president of the Illinois Municipal League.

In addition to Mayor Blackburn the turned he found his brother on fire, tho he was about six feet from the fire that had been built to keep the men warm.

Wiley said he tore the clothing from his brother's body and threw his overcoat about him. Police received the call on the case about 3:30 o'clock Sunday morning.

The case is similar to that of Edward Lyons, whose death was caused by a similar accident near the Snyder ice plant several months ago. At that time "Dink" Wiley was near the scene and was one of those who went to call the police. Lyons lingered for several weeks, but finally succumbed to his injuries.

Wiley was removed to the hospital early Sunday in the Withee ambulance. He was conscious after the accident, and was able to call to his brother for aid.

group includes the mayors of Champaign, Danville and Taylorville, and the commissioner of public health and safety of East St. Louis. Mayor Blackburn said a meeting of the commission has not yet been arranged. Funds have been or will be provided thru the legislature for the holding of the proposed training school. It is the duty of the commission to study the need and decide what form the course shall take. A short course similar to that given for firemen at the University of Illinois, may be provided.

DANGEROUS

Bette Davis comes to the FOX ILLINOIS Wednesday in her latest, "DANGEROUS," production. "DANGEROUS," with Franchot Tone playing opposite her and Margaret Lindsay her rival. The screen play by Laird Doyle is said to be sheer drama of dynamic intensity and tremendous emotions. Bette has the role of a famous actress, who after rising to the top of the ladder of success, tumbles to the gutter through her own egotism and selfishness, although she calls it a jinx, dragging down those who loved her.

It is after her fall that Tone, in the role of a young architect, sets about sobering her up and trying to reestablish her as the brilliant star she had been. But Bette loves lightly and too well. She already has a discarded husband and has ruined, of whom the architect knows nothing. The situation leads to a veritable scandal which ends in dynamic and tumultuous scenes and an amazing climax.

Mrs. Davis is not presented in a pretty light, but the part is said to give her the strongest characterization which she has had in films. Others in the cast include Allison Skipworth, famous on both stage and screen, John Eldredge, Dick Foran and Walter Walker.

THE PERFECT GENTLEMAN

Frank Morgan, that inimitable comic fustibudget of the screen comes out of supporting roles to head the cast of the hilarious new Metro-Goldwyn-Mayer comedy, "The Perfect Gentleman," which opens Wednesday at the FOX MAJESTIC.

Co-starred with him is Cicely Courtneidge, England's ranking comedienne, who makes her American film debut in this picture. Individually, each is the funniest in his or her line; together they are unsurpassed.

Any support by such players as Heather Angel, Richard Waring, Henry Stephenson, Una O'Connor, Herbert Mundin, Mary Forbes and others.

The story concerns the rise of a lovable old ne'er-do-well, a retired army major, to the position of music-hall star, and the complications therein. It was especially written for Morgan's exceptional talents.

Passes today at the Fox Illinois for Ernest Strawn 634 W. Douglas At Fox Majestic for Malcolm Zenge 919 S. Clay Avenue.

Living to 100

John D. Rockefeller, whose one ambition now is to live to the age of 100 years, has found that he must give up most of the physical exercise he has enjoyed. No more golf for him, and few auto rides. If the weather is warm he goes for a short walk in the morning, but his life consists largely of complete rest and relaxation.

Yet this man whose physical frame has to be so carefully guarded, is keen mentally. When his son visits him, there are long conversations relative to important affairs. He reads his mail and the daily papers. He chats with his family for a time each afternoon. His mental life appears as vigorous as ever, and his interest in the world of affairs is just as keen.

All of which points to something religionists might hail as a proof of immortality. Physical life fails, but as long as the organs thru which mentality functions remain intact, the mind is keen and alert. There is something about the thought life of man which does not age. Even tho the physical structures change once over seven years of life, which means that Mr. Rockefeller has had thirteen complete changes of the materials composing his body, memory, thought, knowledge and personality persist thru life, not only unchanged, but showing continuous development.

It is safe to say that, if Mr. Rockefeller's physical life can be preserved, he will reach the century mark and pass it, and his mind will continue to function in its present alert manner; his interest in the modern world will still be keen and penetrating.

What We Owe The Indian

As a rule the white man figured he did not owe the Indian anything. Having purchased Manhattan Island for \$24, he thought he might take the rest of the country without payment. But when agriculture began in the American Bottom along the Mississippi river in Illinois in 1700, the French settlers found the Indian could teach them much. In fact the Indian had already taught the white man many things about agriculture.

Corn or maize, today the nation's staple crop, was here when the European settlers arrived, and the Indian was cultivating it. The whites had always sowed broadcast, but the red man advised them it was better to plant corn in rows and hills. To fertilize the crop the Indian placed a fish in each hill, a process which would be rather expensive today, but which taught a useful lesson in fertilization.

Beans, potatoes, tomatoes, pumpkins, melons and tobacco were all known to the Indian and introduced to the white man on his arrival. To be sure, the settlers developed the crops into the staple food sources they are today. The Indian preferred to hunt and fish, but he soon learned that agriculture provided the easier and more profitable method of obtaining food. Had the Indian adopted agriculture, he might have multiplied in the land as the white man has done. He was a good beginner, and we owe him much, but he failed to profit by his own teaching.

A Famous Old Song

Theodore Metz, 27, composer of the half-century old favorite, "There'll Be a Hot Time in the Old Town Tonight," died Sunday in New York. Metz, who in early life was the leader of a wandering minstrel band, composed the song while waiting at a railroad station in a Louisiana town and watching the citizens run about to extinguish a fire in a nearby residence.

The song was one of those rollicking airs that stirred the American of the "gay nineties." It became famous when American troops sang it as they charged up San Juan Hill in the war of '98. The bluecoats took the hill and the town and made the prediction come true.

The Spanish who heard the song could not understand it, but they tried to translate it. Spanish papers giving an account of the battle stated that the Americans charged up the hill singing, "There will be a warm period in the ancient city this evening." And it was so.

In The Matters of Advertising and Mr. Tugwell

Mr. Tugwell, (everybody genuflects) says advertising is a sinful waste of money. Joel Cheek died Friday, down in Jacksonville, Florida. His home was in Nashville. He started life, as Bill Nye used to say, with "one suspender and a sore toe." He was a grocery clerk. Soon he owned the business. He made coffee, put it in cans ready to serve. It was an idea. It was his idea. He advertised. He put millions of dollars into advertising. Nobody paid any more for his coffee than they did for coffee that wasn't advertised. Millions of people bought it because they liked the idea. It has been repeated and repeated since by other coffee merchants. Joel Cheek and his partner sold out for 40 millions of dollars.

There are two kinds of values—that which is inherent in the article and the mind value. That is peculiar to the customer. Mind value is the thing that makes two women argue over the respective merits of cheese, fur coats or flowers. Advertising impresses on the mind the certain things in life that may please. There would be no national distribution of a thousand items of merchandise if it were not for advertising—that is if those things that one thinks about once in a while were not continually impressed upon one by the repetition of the advertisements. Dr. Tugwell says advertising adds to consumer cost. It is exactly the other way around. One might summon ten thousand witnesses in the form of advertised products to disprove a statement so absurd.

Advertising took oatmeal out of the barrel in which mice slept and placed it in clean packages. So it did to prunes and pickles. It took the orange from the toe of the Christmas stocking, and made it a nation's fruit food. It made the public finicky about the kind of bread it bought. It put dresses on the market and took away the uncertainty of what to wear. Advertising raised the standard of living in millions of homes.

The smart Mr. Tugwell is ignorant of human beings, human behaviour and of the ordinary commonplaces of life when he says it increases costs. Bacon was once a chunk of hog meat. It was glorified into something else by the pictured beauty of a slab of this food; that too is the story of ham and a hundred other foods. Advertising has and will continue to increase consumption and lower prices.

What made a nation drink tomato juice and ask for canned pineapple? What made the people want canned soups and freshly baked crackers and cookies in packages? Surely not by making better cakes, cookies and crackers than anyone else but by first making good foods and then telling the astigmatic world about it in type and picture. But to get back to our mutton—this time the sheep is Tugwell. He would go back to the days of the town crier—if to anything at all.

Long before Christ preached His Sermon on the Mount or told His disciples to go out into the world and tell everyone about the new plan of salvation, the Chinese were putting printed placards on the walls and movable types were used to advertise the wares of Chinese rulers.

Tugwell does actually believe in advertising. Let all the newspapers of the nation, all the magazines and all the publications—radio and all channels for the dissemination of information—be closed against Mr. Tugwell and he would last about as long as the more or less celebrated feather in hell.

Tugwell lives on publicity. It took him out of his natural obscurity and gave him a place in the sun. Otherwise he would have been neither asset nor liability—a non-entity. That is advertising. He would die like any other microbe if there was nothing on which to feed. His feed is the beating of the tom-toms advertising his exploits. He believes his own attitude in advertising—Editorial Reprint From Janesville, Wis. Gazette.

Bombers Can't Call Shots

There came to hand recently a photograph of the Ethiopian town of Dessye. The picture was taken by an Italian aviator during the bombing raid of Dec. 6; and to look at it is to understand why aerial warfare will always bring its sorry tale of the bombing of hospitals and the killing of noncombatants.

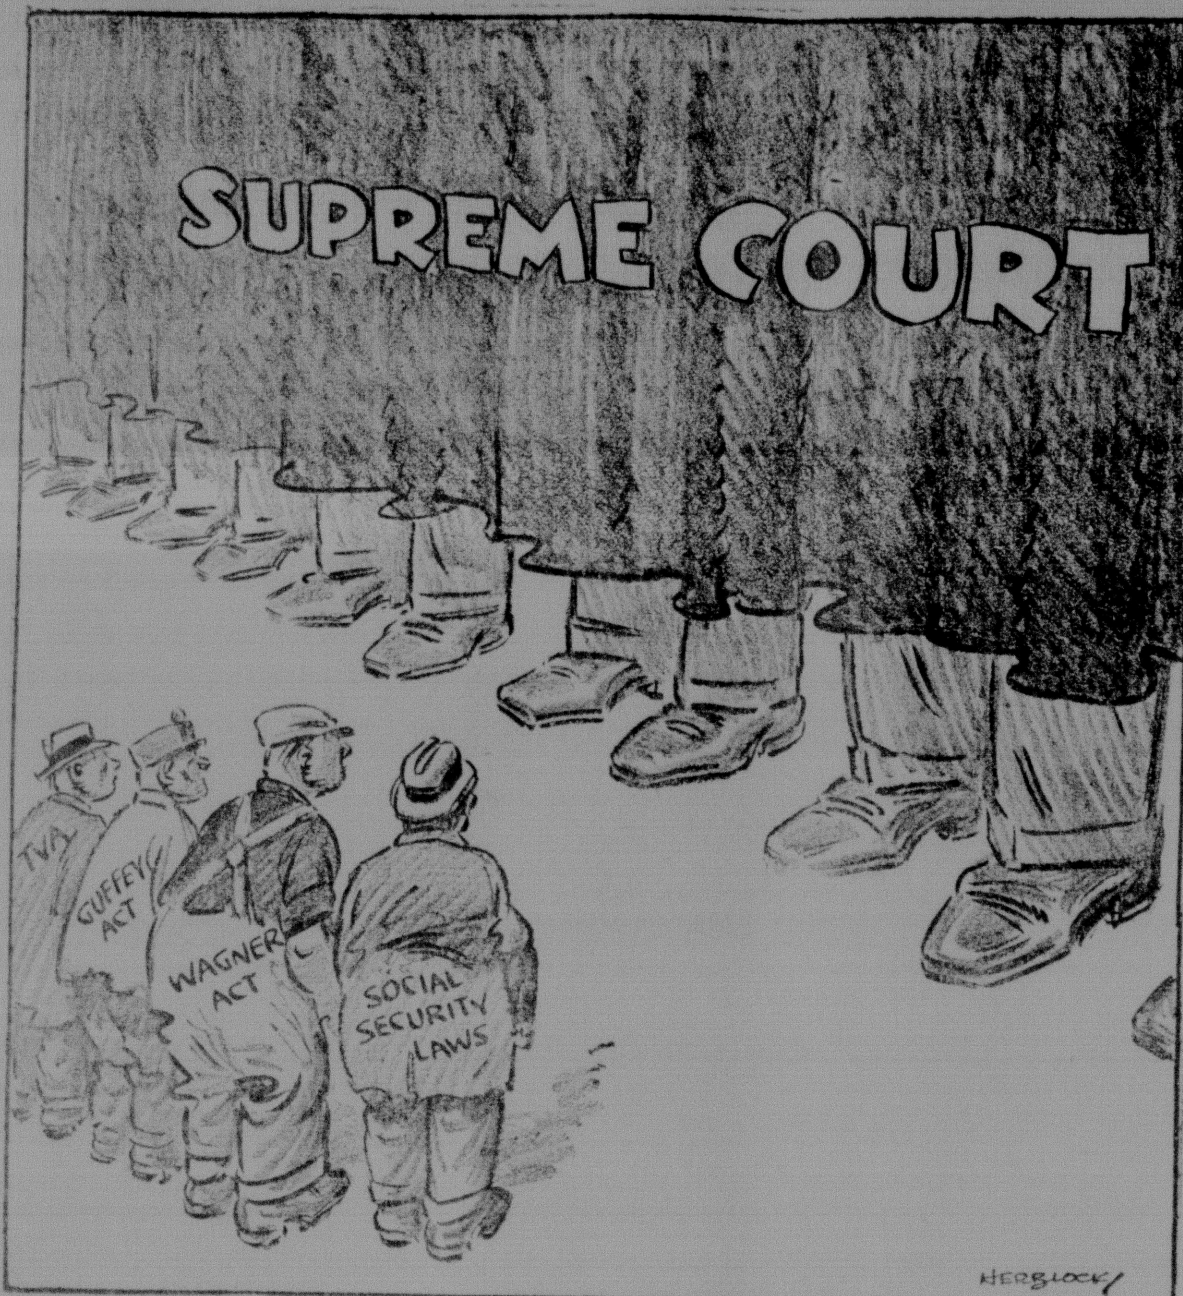

For the photograph looks like little more than a glorified map. The keen-eyed observer who ever sat in a plane would be hard put to tell which of its tiny dots represented a private house and which a barracks. It told where the town was, where the open country was, where woods and hills and streams were—but little more.

Aviators, in other words, cannot pick their targets with hair-line exactitude. They must fly high to avoid anti-aircraft guns; flying high, they just naturally can't call their shots. That being the case, they are pretty certain to kill a number of innocent people they didn't mean to kill. That sort of thing apparently is an inescapable part of the use of bombing planes.

Behind The Scenes In Washington

Surveys Indicate WPA Isn't Meeting Relief Problem... "Two Chickens in Pot? No, Two Wolves at Door!"... A Great Sight Was the Morgan Appearance Before Senate Probe Committee.

By RODNEY DUTCHER
Journal-Courier Washington Correspondent

Washington—Along with its other troubles, the administration must almost certainly face a battle over relief at this session of Congress. Its program apparently isn't meeting the problem. Surveys by the American Conference of Mayors, the International City Managers' Association, and national welfare groups all show that the plan to put the "employables" on WPA work relief and the "unemployables" on local direct relief without federal aid just isn't working out.

About a million "employables" haven't been covered by WPA, although that federal agency has about reached its quota of 3,500,000 put at work. It is estimated by Paul V. Bettens, secretary of the mayors' organization, on the basis of partial results of a survey covering 158 cities and 48 states.

That would mean a load of from three to four million men, women, and children on community direct-relief facilities which was not contemplated in Roosevelt's work-relief program.

Nearly all city officials insist they can't handle that added load. A few say they can get by if the federal government will do its promised part. Others say they can't handle their "unemployables" even if WPA does take over the rest.

Money Soon Gone

Few realize it, but the \$1,082,000,000 allotted to WPA will be about gone by April and Harry Hopkins will need about half a billion more if the program is to carry through the fiscal year to July.

Some or all of this may be snatched from other allotments from the \$4,000,000,000 work-relief fund.

Meanwhile, WPA has no intention of expanding its program to take in the "uncovered" employables. Like many of the Community Chests at this time, it figures its money will run out all too soon. Anyway, there's no other explanation of why it insists on counting in 500,000 CCC workers among its 3,500,000 instead of adding another half-million of bona fide employables now on relief.

Another year of WPA, employing 3,500,000, would cost about two billion dollars. The demand for further federal aid, both for the present fiscal year and next, may be effective enough to spoil Roosevelt's budget dreams even more than the AAA ruling did.

Gazing at Morgan et al.

Notes while gazing in great fascination at Mr. J. P. Morgan before the

Senate Munitions Committee: Still reminding you of a great big nice old papa bear, Mr. Morgan—his large bald dome fringed with gray, his black bushy eyebrows and his hook pipe—seems to be having fun as his huge frame shakes in frequent chuckles. He has an almost English accent. Partner Tom Lamont, impeccably dressed, with what looks like an honest Irish face, and quick to explain everything in the most innocent possible way. Partner George Whitney, always managing to look elegantly bored even when tense. Partner Russell Leffingwell, tucked away behind marble pillars with the Morgan lawyer, John W. Davis, who presumably avoids the spotlight lest his many cases against New Deal laws be tied in too closely (in popular imagination) to his Morgan connection. Great host of Morgan partners, clerks, lawyers, bodyguards (six), and other retainers. Also one spots six Secret Service men and a couple of "G-men." Jim West, ex-correspondent, ex-Hoover press agent, and lately publicity lobbyist for many munitions firms, sits with the Morgan retainers. Vladimir Romm of the Soviet newspaper Izvestia enters, indicating this is a big story. Speaks familiarly with Morgan Partner S. Parker Gilbert, who a little later explains a joke to a Western Union boy. Senator Rush Holt of West Virginia and his pretty sister come in, take front seats. Ex-Senator George Moses, New Hampshire, takes notes at the press table, presumably for the Chicago newspaper of Col. Frank Knox, whose presidential campaign manager he is. Hero of the day seems to be the late William Jennings Bryan, who tried to keep his country neutral. (Copyright, 1936, NEA Service, Inc.)

Otie Wiley Badly Burned Sunday in Accident at Camp

Serious Injuries Put Local Man in Hospital: Brother Finds Him in Flames

Otie (Dink) Wiley is in a serious condition at Our Saviour's hospital as the result of burns received early Sunday morning when his clothing caught fire at a camp south of the Alton tower between the Alton and Burlington tracks. Wiley was burned from his hips to his ankles, the skin being completely seared.

His twin brother, Claude Wiley, had left the camp fire to obtain some water. When he returned he found his brother's clothes in flames. He did what he could to extinguish the flames. Train men on a passing freight saw the situation and dropped from the cars to assist. The conductor notified William Haneline, the tower man, as the train passed, and the latter called police.

Officers Stout and O'Connell and Night Capt. Williams responded to the call and assisted in taking Wiley to the hospital, where he was attended by Dr. T. O. Hardesty.

Claude Wiley said Monday he had gone to the camp about 10 o'clock Saturday night and that his brother joined him later. He said it must have been about 2 o'clock Sunday morning when he awoke and went to get some water from a well on East College avenue. When he re-

Mayor Blackburn on Commission to Plan School for Police

Mayor Kapp Names Group to Recommend Training for Officers Over State

Mayor F. J. Blackburn has been named a member of a statewide commission to arrange a training school for police officers. The appointment was made by Mayor Kapp of Springfield as president of the Illinois Municipal League.

In addition to Mayor Blackburn the turned he found his brother on fire, tho he was about six feet from the fire that had been built to keep the men warm.

Wiley said he tore the clothing from his brother's body and threw his overcoat about him. Police received the call on the case about 3:30 o'clock Sunday morning.

The case is similar to that of Edward Lyons, whose death was caused by a similar accident near the Snyder ice plant several months ago. At that time "Dink" Wiley was near the scene and was one of those who went to call the police. Lyons lingered for several weeks, but finally succumbed to his injuries.

Wiley was removed to the hospital early Sunday in the Withee ambulance. He was conscious after the accident, and was able to call to his brother for aid.

group includes the mayors of Champaign, Danville and Taylorville, and the commissioner of public health and safety of East St. Louis. Mayor Blackburn said a meeting of the commission has not yet been arranged.

Funds have been or will be provided thru the legislature for the holding of the proposed training school. It is the duty of the commission to study the need and decide what form the course shall take. A short course similar to that given for firemen at the University of Illinois, may be provided.

Local Man Speaks At Grace Church On Life of J.R. Mott

Chalmers Giffen Reviews

Beware Coughs from common colds That Hang On

No matter how many medicines you have tried for your cough, chest cold or bronchial irritation, you can get relief now with Creomulsion. Serious trouble may be brewing and you cannot afford to take a chance with anything less than Creomulsion, which goes right to the seat of the trouble to aid nature to soothe and heal the inflamed membranes as the germ-laden phlegm is loosened and expelled. of sermon addresses on "outstanding Present Day Christian Leaders" was given Sunday night at Grace Methodist church by the versatile Jacksonville business man, Chalmers Giffen. He spoke on the life and work of John R. Mott and held the close attention of the excellent audience present by his lucid, gripping and practical address.

Sketching briefly the boyhood days of this great Christian man in his boyhood home in the village of Postville, Iowa, Mr. Giffen laid stress on the character building influences that surrounded the boy in his home life. Good and wholesome books were found, as well as a splendid array of magazines. Mrs. Mott, the mother, was not only a great reader, but talked over with her children what she read.

Graduating from Cornell University in 1888, Mott at the urgent insistence of the General Council of the Y. M. C. A., consented to devote a year to visiting Universities and Colleges of America and Canada as secretary of the Intercollegiate Y. M. C. A. association for America and Canada. So successful was he in this work that

Mott was soon attracting the attention of educators both at home and abroad.

In his travels as general secretary of the World's Student Christian Federation, Mott traveled a distance of 1,700,000 miles, twenty-six times around the world. Perhaps more than any other living man John R. Mott has helped to cement the universal friendship of peoples of all races and creeds. Mott is perhaps best known for his great humanitarian work during the World War, when a total of 58,000,000 men were under arms, when over 4,000,000 languished in prison camps. It was then that the nations of Europe, both the Central Powers and the Allies felt the urgent need of a great Christian leader to help with this overwhelming problem of social stability. Moving about from prison camp to prison camp, Mott rendered a service that can never be forgotten by society.

The next address in this Sunday night series will be given next Sunday night by Miss Louise Gates who will this week return from an extensive period of work and travel in South America to which country she was sent by the National Organization of the Young Women's Christian Association. While this address will not deal with any one present day Christian leader it will be in general harmony with the present Grace church series. Miss Gates will speak of her observations and impressions of South America. Miss Gates is popular with Jacksonville audiences. She has travelled widely in all parts of the world and her address will be interesting, illuminating, vital and constructive.

Mrs. Edward Harris Taken by Death in Oakland, California

Former Jacksonville Woman
Had Attained Age of
Eighty-five Years

Word has been received here of the death of Mrs. Eunice Josephine Walker-Harris, age 85, at the home of her daughter, Mrs. May E. B. Cooper at Oakland, Calif. She had been an invalid for the past year, but prior to that time had enjoyed wonderful vigor of mind and body.

Mrs. Harris was a native of Illinois, well known and prominently connected, and a graduate of MacMurray College, when it was called Illinois Female College. She was a daughter and a granddaughter of pioneer Methodist ministers. Her father was Rev. Samuel Walker, her grandfather, Rev. Simon Walker.

She was twice widowed, her first husband, Harvey P. Buxton, prominent attorney of Carle, died when his daughter, Mrs. F. S. Brown, Diverson, was 10. In 1901 she married Edward G. Harris, of Jacksonville in which city they lived for several years, and then moved to Olathe, Kas., where Mr. Harris died. Since that time Mrs. Harris has made her home with her youngest daughter, Mrs. Cooper at 336 Alcatraz Ave., Oakland, Calif.

She is survived by the following family: one step-son, Paul W. Buxton, Fayetteville, Ark.; one son, Edwin W. Buxton, Martinez, Calif.; three daughters, Mrs. Ruth B. Schlessinger, San Francisco, Calif.; Mrs. Grace C. Brown, Diverson, Ill., and Mrs. Cooper at Oakland, Calif. Her second daughter, Mrs. Blanch H. Hunt, who was an instructor in the Illinois School for the Deaf in Jacksonville, preceded her in death. Harvey Barnes, now teaches in the U. S. D.

Step-children of the Harris family are Neville Harris, Alacaden, Calif.; Mrs. Katherine Parker, Long Island, N. Y.; Mrs. Lucille Orton, Lincoln, Ill. Surviving grandchildren are Frank K. Buxton and Mrs. Josephine Brown Turner, of Fayetteville, Ark.; Mrs. Helen Buxton-Drennan, Diverson; Mrs. Helen Barnes-Johnson, San Francisco, Calif.; Harvey Barnes, Jacksonville, Ill.; Buxton Hallett, Oakland, Calif.; John and Anne Buxton, Martinez, Calif.

Great grandchildren are: Frank, Paul and Joanne Buxton; Frederick and Lewis Turner, of Fayetteville, Ark.

One brother survives, James R. Walker, of Boring, Oregon. Three brothers who preceded her in death were: Erastus M. Walker, who for many years was band master of the First U. S. Cavalry Band; Henry Dew Walker, an educator of the deaf; S. T. Walker, former superintendent of school for the deaf in Kansas, Illinois, Missouri and Louisiana.

Ashland Man's Car And Transport Hit West of Alexander

R. L. Anderson is Slightly Injured and Transport Put Out of Service

R. L. Anderson, of Ashland, sustained minor injuries Sunday evening when his car crashed into the side of a large automobile transport a mile and a half west of Alexander. Anderson's legs were bruised by the impact.

The transport loaded with four new Plymouth cars was headed west, driven by Walter Hess of Royal Oak, Mich., employed by the Square Deal Carriage Company, Detroit, Mich. The Ashland man was going in the opposite direction, and in some manner the truck and car came together. The wreck occurred about 7:15 o'clock.

Anderson's car was badly damaged in front, and the transport also put out of commission. The highway was blocked for some time as a result of the wreck. It was necessary to unload the new cars and place them aboard another transport.

State Highway Patrolman Harvey Dowling and Harry Poolin were at the scene of the wreck for two hours, directing traffic around the disabled transport.

IS MUNICIPAL OWNERSHIP SUCCESSFUL?

Need We Go Outside of Jacksonville to Answer This Question?

The Water plant is municipally owned. A bonded indebtedness of approximately \$100,000, a general obligation of the City, remains unpaid. Our water rates are among the highest in the State. They were increased 33-1/3% in 1919, and have never been reduced.

It is common knowledge that the condition of the Water Plant is dreadful. We have no money in our City Treasury with which to make the necessary repairs although our well meaning City officials and citizens contemplated that a sinking fund would take care of just such a situation as we now face.

So It Goes With Municipal Ownership in Jacksonville

What reason have we to expect that an Electric Plant, which is more intricate and complicated, will be any more successfully operated than our Water Plant? Nothing in the proposed Ordinance provides for non-political management.

\$420,000.00, or even \$239,000.00 is a costly experiment for Jacksonville citizens and political parties to play with.

Why spend money for something for which we already have? It is an economic waste.

Beware Coughs from common colds That Hang On

No matter how many medicines you have tried for your cough, chest cold or bronchial irritation, you can get relief now with Creomulsion. Serious trouble may be brewing and you cannot afford to take a chance with anything less than Creomulsion, which goes right to the seat of the trouble to aid nature to soothe and heal the inflamed membranes as the germ-laden phlegm is loosened and expelled. Even if other remedies have failed, don't be discouraged, your druggist is authorized to guarantee Creomulsion and to refund your money if you are not satisfied with results from the very first bottle. Get Creomulsion right now. (Adv.)

of sermon addresses on "outstanding Present Day Christian Leaders" was given Sunday night at Grace Methodist church by the versatile Jacksonville business man, Chalmers Giffen. He spoke on the Life and Work of John R. Mott and held the close attention of the excellent audience present by his lucid, gripping and practical address.

Sketching briefly the boyhood days of this great Christian man in his boyhood home in the village of Postville, Iowa, Mr. Giffen laid stress on the character building influences that surrounded the boy in his home life. Good and wholesome books were found, as well as a splendid array of magazines. Mrs. Mott, the mother, was not only a great reader, but talked over with her children what she read.

Graduating from Cornell University in 1888, Mott at the urgent insistence of the General Counsel of the Y. M. C. A., consented to devote a year to visiting Universities and Colleges of America and Canada as secretary of the Intercollegiate Y. M. C. A. association for America and Canada. So successful was he in this work that

Ashland Man's Car And Transport Hit West of Alexander

R. L. Anderson is Slightly Injured and Transport Put Out of Service

R. L. Anderson of Ashland, sustained minor injuries Sunday evening when his car crashed into the side of a large automobile transport a mile and a half west of Alexander. Anderson's legs were bruised by the impact. The transport loaded with four new Plymouth cars was headed west, driven by Walter Hess of Royal Oak, Mich., employed by the Square Deal Cartage Company, Detroit, Mich. The Ashland man was going in the opposite direction, and in some manner the truck and car came together. The wreck occurred about 7:15 o'clock.

Anderson's car was badly damaged in front, and the transport also put out of commission. The highway was blocked for some time as a result of the wreck. It was necessary to unload the new cars and place them aboard another transport.

State Highway Patrolman Harvey Dowling and Harry Doolin were at the scene of the wreck for two hours, directing traffic around the disabled transport.

Mrs. Edward Harris Taken by Death in Oakland, California

Former Jacksonville Woman Had Attained Age of Eighty-five Years

Word has been received here of the death of Mrs. Eunice Josephine Walker-Harris, age 85, at the home of her daughter, Mrs. May E. B. Cooper at Oakland, Calif. She had been an invalid for the past year, but prior to that time had enjoyed wonderful vigor of mind and body.

Mrs. Harris was a native of Illinois, well known and prominently connected, and a graduate of MacMurray College, when it was called Illinois Female College. She was a daughter and a granddaughter of pioneer Methodist ministers. Her father was Rev. Samuel Walker, her grandfather, Rev. Simeon Walker.

She was twice widowed, her first husband, Harvey P. Buxton, prominent attorney of Carlisle, died when his daughter, Mrs. F. S. Brown, Divernon, was 10. In 1901 she married Edward G. Harris, of Jacksonville in which city they lived for several years, and then moved to Olathe, Kas., where Mr. Harris died. Since that time Mrs. Harris has made her home with her youngest daughter, Mrs. Cooper, at 336 Albatraz Ave., Oakland, Calif.

She is survived by the following family: one step-son, Paul W. Buxton Fayetteville, Ark.; one son, Edwin W. Buxton, Martinez, Calif.; three daughters, Mrs. Ruth B. Schlessinger, San Francisco, Calif.; Mrs. Grace C. Brown, Divernon, Ill., and Mrs. Cooper at Oakland, Calif. Her second daughter, Mrs. Blanch H. Hunt, who was an instructor in the Illinois School for the Deaf in Jacksonville, preceded her in death; Harvey Barnes, now teaches in the I. S. D.

Step-children of the Harris family are Neville Harris, Alascoden, Calif.; Mrs. Katherine Parker, Long Island, N. Y.; Mrs. Lucille Orton, Lincoln, Ill.

Surviving grandchildren are Frank E. Buxton and Mrs. Josephine Brown Turner, of Fayetteville, Ark.; Mrs. Helen Buxton-Drennan, Divernon; Mrs. Helen Barnes-Johnson, San Francisco, Calif.; Harvey Barnes, Jacksonville, Ill.; Buxton Hallett, Oakland, Calif.; John and Anne Buxton, Martinez, Calif.

Great grandchildren are: Frank, Paul and Joanne Buxton; Frederick and Lewis Turner, of Fayetteville, Ark.

One brother survives, James R. Walker, of Boring, Oregon. Three brothers who preceded her in death were: Erastus M. Walker, who for many years was band master of the First U. S. Cavalry Band; Henry Dew Walker, an educator of the deaf; S. T. Walker, former superintendent of school for the deaf in Kansas, Illinois, Missouri and Louisiana.

Forrest A. Fisher Is Appointed State Soil Coordinator

Former Morgan Farm Adviser Receives Appointment to Head Federal Service

Appointment of Forrest A. Fisher of Champaign, Ill., as state coordinator of soil conservation activities in Illinois was announced by H. H. Bennett, chief of the service. Mr. Fisher will also serve as a member of the Illinois conservation advisory committee, which aids the SCS in the planning, extension and technical phases of the erosion control program. Other members of the committee are Dean H. W. Mumford, director of the extension service and the experiment station, and Dr. W. L. Burlison, head of the agronomy department of the University of Illinois.

Mr. Fisher was formerly farm adviser in Morgan county, where he served for three years. During the setting up of soil conservation programs in the county last year he was here to get the work started and outline plans for its continuance.

Mr. Fisher will supervise field operations and will develop soil conservation plans and programs. He will also maintain cooperation with the state agricultural agencies, including the University of Illinois and the extension service and experiment station.

Mr. Fisher has had much experience in erosion control work, having directed the original soil conservation service project in Illinois. This was a demonstration area of approximately 133,000 acres in McLean, Ford, and Pope counties. He graduated from the University of Illinois in 1907, and for ten years remained at Urbana as instructor in soils.

1935 Jerseyville Fire Loss \$4,300

Report 28 Fires During Year; Department Personnel is Given Credit for Work

Jerseyville—The report of Harry Blush, secretary of the Jerseyville Fire Department for the year 1935 shows that the fire losses in the city were kept down to \$4,300 during the twelve-month period.

The department answered twenty-eight fire calls in 1935. The largest losses occurred during the fire at the Pollock Lumber company, Bligh Tavern, Jenny Rade residence and Edward Conners house. Two of the runs were made to fires in the country.

The personnel of the local fire department consists of the following: Frank Bayer, chief; Harry Blush, assistant chief and secretary; William Hanley, treasurer; Edward Ray, William McFain, Bert O. Bell, Ray Brickey, Edward Henson.

Commissioner Carl E. Thatcher is in charge of the department.

The oldest member of the present force in point of service is Harry Blush. He was named secretary of the organization twenty-four years ago. At that time J. M. Page was mayor and he appointed the late Joseph Williamson, chief of the department and the late Charles "Chaiky" Wedding as assistant chief and Harry Blush, secretary. The three appointees then went out and obtained the other members of the department.

Under the NEW commercial electric light rate to become effective February 1, promised by the private utility YOUR average rate is estimated at

4.53c per KWH.

Note—The Illinois Power & Light Corporation protest filed with the Public Works Administration in an effort to stop the proposed loan and grant to the City of Jacksonville for the Municipal Light Plant, admitted an average charge of 5.1c was then prevailing, and predicted an average charge with PROMISED rate reductions of 4.92c per KWH. The new reduction effective February 1, MAY reduce your average rate to 4.53c.

And—because of the so-called DEMAND CHARGE your own rate can be fixed to suit the I. P. & L. Corp'n., and can be changed any time. The schedule of rates with the DEMAND CHARGE gives you NO PROTECTION, NO GUARANTEE of low rates.

AND WHAT DOES THIS ENERGY COST?

The electric energy sold to you is purchased at wholesale by the Illinois Power & Light Corp. *DELIVERED AT JACKSONVILLE FOR 1c PER KWH.

The average cost of electric energy purchased at wholesale by the I. P. L. at various places, is 00.7c per KWH.

*Note—See last annual report of Illinois Power & Light Corporation to Illinois Commerce Commission. This is admitted by the company.

AND WHAT DOES IT COST TO SERVE YOU?

The City of Jacksonville can distribute energy (delivered to it by a generating plant) and pay the principal and interest on both generating plant and distribution lines for less than 1.40c per Kwh, a total of LESS THAN 2.5c including cost of generation.

nounce the marriage of their daughter, Helen Mae, to Smith Ballard, son of Mr. and Mrs. Ward Ballard. The marriage took place May 4, 1935, in Springfield.

Mr. and Mrs. Ballard are highly respected young people and both graduated from the Roodhouse high school with the class of 1934. They will reside in Peoria where both have employment.

Home Bureau Meets

The Roodhouse Unit of the Greene County Home Bureau met Thursday with Mrs. Orville Ferguson, with 13 members present. A pot-luck luncheon was served at noon, then the routine of business was taken care of. A demonstration of variations of yeast breads was given by the local ladies. Mesdames I. E. Rawlins and Henry Day assisted by Mrs. John Prindle.

The minor project, Chinese weaving was taught by Mesdames Denzil McLamar and C. E. Thomas. The Room for You class of the Christian church met Thursday evening with Mrs. Fred Battershell, with Mrs. Lee Battershell assisting hostess. After the business session, plans were made for a play, which will be given in February. The hostess served dainty refreshments to 14 guests.

1935 Jerseyville Fire Loss \$4,300

Report 28 Fires During Year; Department Personnel is Given Credit for Work

Jerseyville—The report of Harry Blush, secretary of the Jerseyville Fire Department for the year 1935 shows that the fire losses in the city were kept down to \$4,300 during the twelve months period.

The department answered twenty-eight fire calls in 1935. The largest losses occurred during the fire at the Pollock Lumber company, Bligh Tavern, Jenny Rade residence and Edward Conners house. Two of the ruins were made to fires in the country.

The personnel of the local fire department consists of the following: Frank Bayer, chief; Harry Blush, assistant chief and secretary; William Hanley, treasurer; Edward Bray, William McPain, Bert O. Bell, Ray Brickey, Edward Henson.

Commissioner Carl E. Thatcher is in charge of the department.

The oldest member of the present force in point of service is Harry Blush. He was named secretary of the organization twenty-four years ago. At that time J. M. Page was mayor and he appointed the late Joseph Williams, chief of the department and the late Charles "Chalky" Wedding as assistant chief and Harry Blush, secretary. The three appointees then went out and obtained the other members of the department.

Forrest A. Fisher Is Appointed State Soil Coordinator

Former Morgan Farm Adviser Receives Appointment to Head Federal Service

Appointment of Forrest A. Fisher of Champaign, Ill., as state coordinator of soil conservation activities in Illinois was announced by H. H. Bennett, chief of the service. Mr. Fisher will also serve as a member of the Illinois conservation advisory committee, which aids the SCS in the planning.

extension and technical phases of the erosion control program. Other members of the committee are Dean H. W. Mumford, director of the extension service and the experiment station, and Dr. W. L. Burlison, head of the agronomy department of the University of Illinois.

Mr. Fisher was formerly farm adviser in Morgan county, where he served for three years. During the setting up of soil conservation programs in the county last year he was here to get the work started and outline plans for its continuance.

Mr. Fisher will supervise field opera-

tions and will develop soil conservation plans and programs. He will also maintain cooperation with the state agricultural agencies, including the University of Illinois and the extension service and experiment station.

Mr. Fisher has had much experience in erosion control work, having directed the original soil conservation service project in Illinois. This was a dem-

Traffic Signals in Life are Discussed By Rev. W.C. Meeker

Quarterly Communion at Westminster is Largely Attended Sunday

The quarterly communion service at Westminster church Sunday morning was largely attended. Two new members, Mrs. Alpha Drennan and Mrs. Howard Marshall, were publicly received into the church membership.

"Red and Green Lights" was the topic of the sermon delivered by Rev. W. C. Meeker. The choir sang "There is a Green Hill" (Gounod).

"Cease to do evil; learn to do well" was the text of a sermon in which the pastor discussed God's commands and prohibitions, comparing them to red and green signals on highways and railroads. He said in part:

"In modern times our attention is taken up with traffic signals for the modern means of conveyance, the auto. These signals we now find on nearly every street corner. We are reminded to stop before entering a boulevard avenue, where the cars have the right of way. At important intersections there are the stop and go signs and lights; the red and green lights. Nearly every day in our papers we note the attempts of our automobile association leaders as well as officers of the law, urging us to pay close heed to these regulations. That the compliance with regulations is most needed is proven by the fact that nearly 40,000 people are killed in the United States every year by autos; and a million more are injured or maimed. The Travelers Insurance Co. of Newark publishes an expensive little book every year and distributes it by the thousands free of charge to men and women who have the car of the public, in a frenzied effort to curb the reckless driving causing all these deaths and injuries.

"Realizing how much needed these efforts and regulations are on railroads and highways, why is it then that we are so impatient regarding moral and religious warnings which God, the sacred scriptures, his prophets, ministers, and the church constantly sound in order to persuade people to avoid ways of thinking and living which bring death and destruction to their bodies and souls; and to point the way to the true path which leads to happiness and eternal life?"

"I hardly need call your attention to the red signal lights which God early erected before the eyes of men and women, to warn them away from the paths of sin. These red lights are compactly stated in the Ten Commandments in Exodus."

Frank A. Dolen of Winchester Dies At Hospital Here

Well Known Scott County Man Will Be Buried Wednesday

Winchester—Frank A. Dolen, 35, well known Scott county farmer, died at 6:30 p. m. Sunday at Our Saviour's Hospital in Jacksonville, where he had been a patient since Friday.

Mr. Dolen was a resident of Scott county all of his life. He and Mrs. Dolen celebrated their fiftieth wedding anniversary a month ago.

Decedent is survived by his wife and four sons, Robert, Leonard, Samuel and Allen, Winchester; three daughters, Mrs. George Patrick, Misses Frances and Elizabeth, Winchester; two sisters, Mrs. James O'Brien of this city, and Mrs. Mary Love of Carthage; one half-sister, Mrs. Mary Keating, Jacksonville.

The remains were removed to the Dietrich Funeral Home in this city and were taken to the home of Mrs. James O'Brien Monday.

Funeral services will be held Wednesday morning at ten o'clock at St. Mark's Catholic church, with interment in Winchester cemetery.

FARM LOAN MEETING WILL BE HELD HERE: W. L. RUST TO SPEAK

The Morgan County National Farm Loan association will have its annual meeting at the Grace Methodist church on Wednesday, Jan. 22.

The business meeting begins promptly at 10 o'clock at which time the election of directors for the ensuing year will take place.

A potluck dinner will be served sharply at noon and a program will be held in the afternoon, at which time notable speakers will be present to address the meeting on the problems of the Farm Credit Administration. Among these will be W. L. Rust, president of the Federal Land Bank of St. Louis.

All stockholders of the association are invited to be present and bring a basket.

ONE DRIVER FINED AFTER CARS CRASH

Two automobiles were damaged Sunday afternoon in a collision on South Main street, the occupants escaping injury. According to a police report, a Plymouth car driven by E. F. Witten, Metropolis, Ill., sideswiped a Buick driven by R. M. Kingsland of Canton, Ill.

The impact caused damage to the Canton car to the extent of about \$25, and Witten's machine also had marks of the collision.

Witten was arrested by police on a disorderly charge and later paid a fine of \$5 and costs in a justice court.

Mrs. Charles Belmeier of Litchberry was shopping in the city yesterday.

Addison H. Olian Weds in St. Louis

Son of Former Business Man Here United with Florence Novoson

The St. Louis Globe-Democrat of Jan. 12 carried a picture of Mr. and Mrs. Addison Howard Olian who were married in that city last week. Mrs. Olian is the former Florence Betty Novoson, daughter of Mr. and Mrs. A. J. Novoson, 7640 Washington avenue. Mr. Olian is the son of Mr. and Mrs. J. I. Olian of St. Louis, former residents of Jacksonville.

Mr. Olian Sr. will be recalled by older citizens of Jacksonville as the founder of The Emporium. This store was started here in 1910 and has been a successful enterprise since that time. Frank Byrns of this city had the pleasure of meeting Mr. Olian in St. Louis a few weeks ago and talking old times with him.

At the time Mr. Olian came to Jacksonville and opened The Emporium his son Addison was three years of age. He is now 27 years old so that it is easy to estimate The Emporium's beginning as about 1910. Mr. Byrns says Olian remembers three friends he had when he was operating here, Mr. and Mrs. Byrns and J. W. Walton of the Jacksonville Journal.

The store building was rented from Byrns, and Mr. Walton of the Journal cooperated with him in the matter of advertising, credit, etc. He was one of the city's early heavy advertisers, having faith in newspaper display space and using lots of it. Olian was a real merchandiser, knowing quality goods and having the ability to buy right and give the shoppers the benefit of his purchases.

Mr. Byrns recalls the fact that dur-

ing Olian's first year in Jacksonville he made seven trips to New York to purchase stock. He started here with a small initial capital investment and went to another city at the end of two years with a profit to show for his work. He turned The Emporium over to his brother at that time for continued operation. At the present time Mr. Olian is managing Stewarts' women's ready to wear store in St. Louis.

Traffic Signals in Life are Discussed By Rev. W.C. Meeker

Quarterly Communion at Westminster is Largely Attended Sunday

The quarterly communion service at Westminster church Sunday morning was largely attended. Two new members, Mrs. Alpha Drennan and Mrs. Howard Marshall, were publicly received into the church membership.

"Red and Green Lights" was the topic of the sermon delivered by Rev. W. C. Meeker. The choir sang "There is a Green Hill" (Gounod).

"Cease to do evil; learn to do well" was the text of a sermon in which the pastor discussed God's commands and prohibitions, comparing them to red and green signals on highways and railroads. He said in part:

"In modern times our attention is taken up with traffic signals for the modern means of conveyance, the auto. These signals we now find on nearly every street corner. We are reminded to stop before entering a boulevard avenue, where the cars have the right of way. At important intersections there are the stop and go signs and lights; the red and green lights. Nearly every day in our papers we note the attempts of our automobile association leaders as well as officers of the law, urging us to pay close heed to these regulations. That the compliance with regulations is most needed is proven by the fact that nearly 40,000 people are killed in the United States every year by autos; and a million more are injured or maimed. The Travelers Insurance Co. of Newark publishes an expensive little book every year and distributes it by the thousands free of charge to men and women who have the car of the public, in a frenzied effort to curb the reckless driving causing all these deaths and injuries.

"Realizing how much needed these efforts and regulations are on railroads and highways, why is it then that we are so impatient regarding moral and religious warnings which God, the sacred scriptures, his prophets, ministers, and the church constantly sound in order to persuade people to avoid ways of thinking and living which bring death and destruction to their bodies and souls; and to point the way to the true path which leads to happiness and eternal life?

"I hardly need call your attention to the red signal lights which God early erected before the eyes of men and women, to warn them away from the paths of sin. These red lights are compactly stated in the Ten Commandments in Exodus."

Frank A. Dolen of Winchester Dies At Hospital Here

Well Known Scott County Man Will Be Buried Wednesday

Winchester—Frank A. Dolen, 75, well known Scott county farmer, died at 6:30 p. m., Sunday at Our Saviour's Hospital in Jacksonville, where he had been a patient since Friday.

Mr. Dolen was a resident of Scott county all of his life. He and Mrs. Dolen celebrated their fiftieth wedding anniversary a month ago.

Decedent is survived by his wife and four sons, Robert, Leonard, Samuel and Allen, Winchester; three daughters, Mrs. George Patrick, Misses Frances and Elizabeth, Winchester; two sisters, Mrs. James O'Brien of this city, and Mrs. Mary Love of Carthage; one half-sister, Mrs. Mary, Keating, Jacksonville.

The remains were removed to the Dietler Funeral Home in this city and were taken to the home of Mrs. James O'Brien Monday.

Funeral services will be held Wednesday morning at ten o'clock at St. Mark's Catholic church, with interment in Winchester cemetery.

FARM LOAN MEETING WILL BE HELD HERE; W. L. RUST TO SPEAK

The Morgan County National Farm Loan association will have its annual meeting at the Grace Methodist church on Wednesday, Jan. 22.

The business meeting begins promptly at 10 o'clock at which time the election of directors for the ensuing year will take place.

A potluck dinner will be served sharply at noon and a program will be held in the afternoon, at which time notable speakers will be present to address the meeting on the problems of the Farm Credit Administration. Among these will be W. L. Rust, president of the Federal Land Bank of St. Louis.

All stockholders of the association are invited to be present and bring a basket.

ONE DRIVER FINED AFTER CARS CRASH

Two automobiles were damaged Sunday afternoon in a collision on South Main street, the occupants escaping injury. According to a police report, a Plymouth car driven by E. F. Witten, Metropolis, Ill., sideswiped a Buick driven by R. M. Kingsland of Canton, Ill.

The impact caused damage to the Canton car to the extent of about \$25, and Witten's machine also had marks of the collision.

Witten was arrested by police on a disorderly charge and later paid a fine of \$5 and costs in a justice court.

Mrs. Charles Belmeier of Litterberry was shopping in the city yesterday.

Addison H. Olian Weds in St. Louis

Son of Former Business Man Here United with Florence Novoson

The St. Louis Globe-Democrat of Jan. 12 carried a picture of Mr. and Mrs. Addison Howard Olian who were married in that city last week. Mrs. Olian is the former Florence Betty Novoson, daughter of Mr. and Mrs. A. J. Novoson, 7540 Washington avenue. Mr. Olian is the son of Mr. and Mrs. J. I. Olian of St. Louis, former residents of Jacksonville.

Mr. Olian Sr. will be recalled by older citizens of Jacksonville as the founder of The Emporium. This store was started here in 1910 and has been a successful enterprise since that time. Frank Byrns of this city had the pleasure of meeting Mr. Olian in St. Louis a few weeks ago and talking old times with him.

At the time Mr. Olian came to Jacksonville and opened The Emporium his son Addison was three years of age. He is now 27 years old so that it is easy to estimate The Emporium's beginning as about 1910. Mr. Byrns says Olian remembers three friends he had when he was operating here, Mr. and Mrs. Byrns and J. W. Walton of the Jacksonville Journal.

The store building was rented from Byrns, and Mr. Walton of the Journal cooperated with him in the matter of advertising, credit, etc. He was one of the city's early heavy advertisers, having faith in newspaper display space and using lots of it. Olian was a real merchandiser, knowing quality goods and having the ability to buy right and give the shoppers the benefit of his purchases.

Mr. Byrns recalls the fact that dur-

ing Olian's first year in Jacksonville he made seven trips to New York to purchase stock. He started here with a small initial capital investment and went to another city at the end of two years with a profit to show for his work. He turned The Emporium over to his brother at that time for continued operation. At the present time Mr. Olian is managing Stewart's women's ready to wear store in St. Louis.

STATE NURSE AND PHYSICIAN VISIT SEMINARY SCHOOL

Telephone Company Abandons Fight To Pass Tax To Buyer

Seventeen Communities Affected By Act Of Local Utility

Chicago, Jan. 13.—(AP)—Five more utilities, furnishing telephone service to 70 Illinois communities, today abandoned their fight to pass the 3 per cent sales tax on to their consumers.

The Illinois commerce commission announced the following companies have decided to absorb the tax from present revenues:

The Illinois Central Telephone Co., serving 29 communities.

The Illinois Valley Telephone Co., serving Streator, Versailles and 13 other communities.

The Illinois Telephone Co., serving 7 communities.

The Wabash Telephone Co., serving Bloomington and 7 other communities at that district.

The Automatic Home Telephone Co., serving Pontiac.

Approximately 50 public utilities filed petitions with the commission for authority to increase their rates to absorb the tax. Fifteen have withdrawn.

The last five notices stated the cases have taken on the proportions of a comprehensive rate proceeding, and that the expenses which companies would have to incur were out of proportion to the amount involved in the taxes.

SENT FAIRY OPERA 'HANSEL AND GRETEL' AT COLLEGE HERE

The continuing number on this series of plays given last night at MacMurray College was given last night. The program was a presentation of Humpel's fairy opera "Hansel and Gretel." The cast was an experienced one, having sung the opera over two hundred times. The action was accompanied with scenic and lighting effects. The opera consists of three acts. The story is an old German fairy tale and relates how Hansel and Gretel were sent to the forest in search for berries and their encounter with the witch and her gingerbread house. As is customary in fairy stories the ending is a happy one and the children turn the tables on the witch. Humpel's music follows the story with directness and fidelity to the plot. It is worthy on the score of melodiousness, simplicity, humor, and realism.

"Hansel and Gretel" is the only outstanding opera of the generation which followed Wagner, and ever since its first production in 1892, it has been the delight of all opera-goers from the youngest to the oldest. The songs and dances, often in folk style, do not break the continuity of the music.

The opera was interpreted with gusto last evening. The most pleasing singing of the evening was done by John Bennett Ham who took the part of Peter, a broom-maker, and Marie Matyas as Gretel. Constance Bernhart, in the role of the witch, afforded much amusement.

Woodson

Woodson, Jan. 13.—Orville Owens left this morning for Aurora after having spent the past several weeks here with his parents, Mr. and Mrs. Edgar Owens and family. He was accompanied by Willy Guines who will make an indefinite stay in Aurora.

In the program of the Household Science club meeting held last Thursday afternoon with Mrs. Margaret Wiggins, the songs, "The Brown Bird Singing" and "Red Sails in the Sun" were delightfully rendered by Mrs. Thelma Covey of Murrayville. Instead of by the group as reported.

"LIGHTNIN'" GIVEN BEFORE AUDIENCES IN CITY MONDAY

"Lightnin'", the famous stage characterization of an old lovable liar, a civil war veteran of Nevada, was presented by a company of professional actors before the student body at the high school yesterday afternoon, and last evening before an appreciative audience in the same auditorium.

The production is billed for another student performance this afternoon, and a regular showing for the public this evening at the high school.

The small admission charge in effect for the shows is used to pay transportation charges for the company. Other expenses, such as actors' salaries are provided for under the music and drama project of the WPA.

Fred Durr, recreation director, last night stated that four more productions could be made available to local audiences if interest warranted ticket dates for them. They are: production of the opera "Carmen" now in rehearsal in Quincy, negro musical comedy, musical comedy now in rehearsal in Springfield, and a concert band performance with 200 piece ensemble now rehearsing in Peoria.

Starring in the current play is Guy L. Beach, playing the title role. He is also director and is known as one of the country's best producers, actors and managers. He was formerly connected with the Gifford players in Springfield.

CHRISTIAN SCIENCE CHURCHES

"Sacrament" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, January 12.

The Golden Text was, "In the world ye shall have tribulation: but be of good cheer; I have overcome the world" (John 16:33).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "Servants be subject to your masters with all fear: not only to the good and gentle; but also to the forward. For this is thankworthy. If a man for conscience toward God endure grief, suffering wrongfully. . . . For even hereunto were ye called: because Christ also suffered for us, leaving us an example that ye should follow his steps" (1 Peter 2:18, 19, 21).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Christians, are you drinking his cup? Have you shared the blood of the New Covenant, the persecutions which attend a new and higher understanding of God? If not, can you then say that you have commemorated Jesus in his cup?"

Glasgow Youth Seriously Hurt While Hunting

Ruby Bryan Shot In Abdomen Monday; Brought To Hospital Here

Glasgow, Ill., Jan. 13.—Ruby Bryan, 16 year old son of Mrs. Ruth Bryan was seriously wounded about three o'clock Monday afternoon on a farm north of Glasgow, when a rifle was accidentally discharged, the bullet striking the youth in the abdomen.

He was taken to Passavant Hospital in Jacksonville, where surgeons declared his condition was critical.

Bryan in company with two Blake brothers was hunting rabbits near the Fred R. McLaughlin farm, where he lives.

Following the shooting the Blake brothers assisted the wounded youth to the farm of Merle Smith, about a mile from McLaughlin farm. Smith placed the wounded boy in his automobile and took him to the office of Dr. J. W. Eckman in Winchester, where he was given first aid treatment.

Dr. Eckman ordered the youth taken to the Jacksonville hospital where he was placed under the care of Dr. F. A. Norris.

The surgeon located the bullet imbedded near the spine.

Local Debaters Meet Waverly

Two Contests Are Conducted Monday Between Schools

Jacksonville High School opened its debate season with two practice contests against the Waverly speakers yesterday afternoon and evening. All of the members of the squad and Coach Harold Gibson made the trip, leaving about 2 o'clock and arriving at the Waverly Township High School for the first of the day's debates which took place following the dismissal of school in the afternoon.

In this meet, the Jacksonville negative team, composed of Ralph Dunlap, Mary Frances Gaumer and Bill Clark, spoke against the Waverly affirmative, made up of Burton Caruthers, Warren Beatty and Helen Alford. Groups of students and teachers from Scottville and Loomi attended this debate.

After the supper hour, both Waverly and Jacksonville squads left for Franklin where the second contest took place. In this debate, the Crimson affirmative, Mary Butler, Bill Green and Mary Butler, opposed the Waverly negative, upheld by Harold Boston, Ruth Smetters and Robert Jarret. A large audience of Franklin students, teachers and townspeople gathered in the high school auditorium to hear this debate.

Both of the debates were non-decisional, being purely of a practice nature for both teams. The Waverly group is coached by A. W. Heath.

LOCAL COMPANY IS GIVEN RECOGNITION IN NATIONAL MAGAZINE

The January issue of the Iron Fireman Magazine has an article by J. T. Hackett, manager of Walton & Company, local Iron Fireman distributors. The article deals with the part that local advertising has played in the success of this company has had this past year. Mr. Hackett points out the fact that local newspapers have brought splendid results.

This recognition comes as a distinct honor for Walton & Company. The Iron Fireman Manufacturing Company distributed its products through more than 800 dealers all over the world. Only dealers that are outstanding in sales and service work are picked for mention in this magazine.

The article is headed by a picture of an exhibit displayed by Walton & Company at the Morgan County Fair last fall. A picture of another Walton & Company exhibit was run in an earlier issue.

Walton & Company is a corporation that has been in business in Jacksonville for 34 years. Besides being distributors of Iron Fireman Stokers they conduct a complete fuel and heating service.

This basketball season is going to go down in history as one that has aroused more arguments than any other about victories and defeats. There have been at least five disputes this year that we have noted.

It is well known that one basketball victory does not indicate that another will follow when the same two teams meet again. Several teams already have learned it this season.

Beardstown is eager to deny that there was anything wrong with the timing of the Jacksonville-Beardstown game, a point which we are in no position to argue about.

We have Coach Walker's word for it. Over a period of years we have found him reliable. Over that same period of years he has been dissatisfied with the reception his team has received in Beardstown. Therefore, he has decided not to play in any more Beardstown tournaments.

And then, there is a question as to whether Murrayville beat Franklin the other week. The implement used to signal the end of the third quarter failed to attract the attention of Referee Bruno Bierman's ears.

During the time it took to attract his attention from the heated battle, the Shadows scored a couple points. The question was immediately raised as to whether the points should count. The score jockeyed back and forth during the intermission, but the points were finally allowed.

Murrayville won by a single point. Coach A. J. Leitz was unable to be present at the game because of illness. The report we get was that the timer first declared the points did not count, and then changed his mind.

We have heard a rumor that Floyd Newkirk has been sold out of the Coast League, and next summer will appear in the Southern league. Maybe he will hook up with Dave Lewis some of these days in a pitching duel, and that would be something.

Bob Quinn isn't getting a very good response to new names for the Boston Braves, says one eastern panner. The fans ran out of names way last fall.

Connie Mack's team has acquired a new monicker too. . . . They will be known as the Mack's Pathetics.

Only one conference scrap is on the books this week, bringing together Greenfield and Roodhouse on Friday night. Roodhouse probably will rank second when the firing is all over in the Southeastern division, a bit of hope which will cause the Greenfield team to dig in a bit harder.

Carrollton's Hawks will come to Jacksonville for a non-conference game, and Hillview's tall lads will take on White Hall tonight. Archie Collins, former Illinois College broad jumper, is coach of the Hillview team.

Willie Hoppe Takes W. Cochran's Crown

First Player in World to Hold Three Titles at Same Time

Chicago.—(AP)—Willie Hoppe, the boy wonder and the grand old man of billiards at the same time, seems to be getting better as he grows older.

At the age of 48, when most men in sports are through, Hoppe today had achieved the ambition of his life—winning the world's three cushion billiard championship, the only title that ever eluded him, from Welker Cochran in a challenge match, 300 to 208.

He is the first billiard player to hold three titles at the same time, the three cushion crown, the 18.1 ball line championship and the one cushion, or cushion carom, title.

Rated as the greatest billiard player of all time, he first grabbed the cue at the age of 7 in a hotel owned by his father in Cornwell-on-the-Hudson. Since then he has won 20 championships.

Charles Peterson of St. Louis, the famous trick shot star, who has traveled the country with Hoppe for 30 years giving exhibitions, says that Hoppe is the greatest player who ever lived. He still refers to Willie as "the boy."

"I never saw anybody like him," Peterson said today. "He's clean, affable, and refined all the way through. I've always preached to others to 'lead the life of Hoppe' and they would be a success."

Hoppe's first distinguished championship achievement was scored back in 1906, when, at the age of 18, he went to Paris and conquered the 80-year-old Maurice Vignaux, for the world's 18.1 ball line championship.

Games This Week

Tuesday—Hillview at White Hall.
Friday—Greenfield at Roodhouse; Carrollton at J. H. S.

Winchester high is sitting in the prettiest spot of any of the teams in this section just as present, its tournament holding up play in the conference this week and its team is showing more power than was expected earlier in the season.

The Wildcats have invited the outstanding teams in both sections of the Illinois Valley to come to Winchester for the annual tournament, and all of them will be there when the curtain is lifted Wednesday night on a two-game opener. White Hall, already a victor over Jerseyville once this year, will meet the Jersey county lads again, and Pittsfield, with two wins against its old rival already marked up, will meet Pleasant Hill again. Murrayville and Griggsville will open the second night's show, and Winchester will meet Bluffs in the nightcap.

Whether the Wildcats kept themselves from looking too good until after the seven other coaches who will bring teams to the tournament had made their selection remains to be seen, but the Cats turned back Pittsfield and Jerseyville on consecutive nights to send their stock soaring upwards. Murrayville holds a decision over them, but the Cats will have a chance to avenge that if both the Shadows and Winchester win their second night games.

Only one conference scrap is on the books this week, bringing together Greenfield and Roodhouse on Friday night. Roodhouse probably will rank second when the firing is all over in the Southeastern division, a bit of hope which will cause the Greenfield team to dig in a bit harder.

Carrollton's Hawks will come to Jacksonville for a non-conference game, and Hillview's tall lads will take on White Hall tonight. Archie Collins, former Illinois College broad jumper, is coach of the Hillview team.

While Routt and Illinois School for the Deaf are getting ready to open the city basketball season, Illinois College's quietest, improved, somewhat will begin preparation for an added conference battle against Illinois Wesleyan at Bloomington Saturday night.

The Blueboys were booked to meet Desleyan when Athletic Director Van Meter and the Wesleyan chief, Harry Bell, talked things over during the week-end. Both teams want to play more conference games, and the game was arranged to give both a better chance at a higher standing in the race. Wesleyan is scheduled to meet Millikin this Friday night at Decatur.

A bit of sunshine followed the announcement of the added game on the Blueboy card, almost devoid of January gloom. Clyde Coddington, six foot five inch forward, finally climbed over the last scholastic hurdle between him and competition on the basketball team, and was granted the privilege of returning to the squad for week-end games. A temporary tangle involving another of the Blueboys was discovered just in the nick of time, averting the disqualification of another player.

Van Meter's squad will be intact for the week-end battle, with Lester, captain, the Fletcher brothers, Fred May, Nick Watts, and all members of the varsity string eligible. Coddington will be after a place on the starting line-up, but will have trouble

Eight Teams Leading Little 19 Cage Race

Millikin and Wesleyan Will Meet in Conference Top Battle

Chicago.—(AP)—A three-way deadlock for a place in the "No Man's Land" atop the Illinois Intercollegiate Conference basketball standings was in prospect today as league teams opened the week's schedule calling for 13 championship contests.

Millikin, now at the head of the list and undefeated in three starts, will play only one game this week. That, however, will be a "crucial" game with Illinois Wesleyan, which is also undefeated.

Augustana and Western Teachers, both holding two wins, will each play two games this week. Victories in all games would place these two teams in a tie with Millikin at four wins apiece. Augustana will meet Eureka and North Central while the Western Teachers face Eureka and Bradley.

Augustana achieved its triumphs last week at the expense of Monmouth, 42 to 27, and Wheaton, 32 to 35. Western Teachers toppled Wheaton last week, 44 to 27.

Wesleyan, which pushed to the fore by trouncing the previously undefeated Southern Teachers 27 to 25, is also in a position to reap a share of the honors.

OUTLOOK BETTER FOR PROFESSIONALS

President Believes Open Type of Play Is Bringing in Gate Receipts

(This is a ninth of a series, written especially for the Associated Press by national sports leaders on 1935 results and 1936 prospects).

By JOE F. CARR, President National Professional Football League (Written for the Associated Press)

Columbus, O.—(AP)—The National Football League enjoyed the best season of its history during 1935. Not only was the attendance the largest, but many outstanding critics thought the play by all teams was superior to any preceding year.

This was due largely to the fact that the rules operating in the National League were becoming more thoroughly used by the coaches, and the players who had served in the league, together with the newcomers, seemed to have a finer grasp of them.

The open type of play and the revival of field goal kicking brought about through restoration of the goal posts to the goal line has proved the wisdom of the changes made by the professional league, and is evidenced by increased interest and attendance in every city in the circuit.

Those changes, such as forward passing from any place behind the scrimmage line and the recovery of a fumble at any point, tend to open up the game and make possible the use of players who may not be giants in stature but have stamina and speed.

The race in the National League was fairly close in both divisions until about midway of the season, when the New York Giants, who won the league championship in 1934, forged ahead of the other contenders in the eastern division.

The race in the western division was so close that the winner was not decided until the closing day, when the well balanced Detroit Lions emerged victorious.

In the final playoff between the winners of the two divisions for the championship Detroit emerged as new world champions.

The outlook for 1936 exceeds all previous seasons. The crop of football players that will graduate next June and become eligible for National League competition has never been so large, and with the personnel our clubs now have, the additions that can be made from the boys who graduate, each team should be stronger for 1936.

PLANS FOR ANNUAL PRESIDENT'S BALL HERE

Plans for holding the third annual President's ball in Jacksonville were discussed at a meeting of local citizens at the Chamber of Commerce office here yesterday. The affair will be held in the gymnasium of the Jacksonville State Hospital on the evening of January 30.

Mayor Fletcher J. Blackburn is chairman of the committee in charge of the arrangements for the ball.

Dance to Bieber's Orchestra Wed. Nite. K. of C. Ballroom. Adm. 25c per person.

Wrestling the place from either May or Watts.

Jacksonville high will have its lightest week-end this week, meeting only one opponent. The Crimson, who already have played 12 games and have made a record of 11 won and one lost, will meet Carrollton here.

The big interest locally will be centered on the I. S. D. and Routt game at Liberty Hall, with the Tigers again rated as the favorite. Routt has a team that is coming along, but there is considerable doubt that they will be able to match shots with the Tigers, who will be keyed up to repeat their football victory. The Tigers surprised Routt last year with a fourth quarter finish that gave them the 25 to 12 victory in the first game, and a narrow 17 to 15 victory in the final battle.

The Tigers showed up well on their road trip, losing out to Joliet Catholic after a long road trip in their first game, and then tumbling in an overtime game at Ottawa Friday night. Routt dropped McCooey of Hannibal easily, and then proved to be just as easy a victim for White Hall.

Other games listed for near-by gymnasiums this week:

Telephone Company Abandons Fight To Pass Tax To Buyer

Seventeen Communities Affected By Act Of Local Utility

Chicago, Jan. 13.—(AP)—Five more utilities, furnishing telephone service to 70 Illinois communities, today abandoned their fight to pass the 3 per cent sales tax on to their customers.

The Illinois commerce commission announced the following companies have decided to absorb the tax from present revenues:

The Illinois Central Telephone Co., serving 29 communities.

The Illinois Valley Telephone Co., serving Streator, Versailles and 13 other communities.

The Illinois Telephone Co., serving 17 communities.

The Wabash Telephone Co., serving Loomington and 7 other communities in that district.

The Automatic Home Telephone Co., serving Pontiac.

Approximately 50 public utilities filed petitions with the commission for authority to increase their rates to absorb the tax. Fifteen have withdrawn.

The last five notices stated the cases have taken on the proportions of a comprehensive rate proceeding, and that the expenses which companies would have to incur were out of proportion to the amount involved in the taxes.

PRESENT FAIRY OPERA "HANSEL AND GRETEL" AT COLLEGE HERE

The concluding number on this season's artist series at MacMurray College was given last night. The program was a presentation of Humperdinck's fairy opera "Hansel and Gretel." The cast was an experienced one, having sung the opera over two hundred times. The action was accompanied with scenic and lighting effects. The opera consists of three acts. The story is an old German fairy tale and relates how Hansel and Gretel were sent to the forest in search for berries and their encounter with the witch and her gingerbread house. As is customary in fairy stories the ending is a happy one and the children turn the tables on the witch.

Humperdinck's music follows the story with directness and fidelity to the plot. It is worthy on the score of melodiousness, simplicity, humor and feeling.

"Hansel and Gretel" is the only outstanding opera of the generation which followed Wagner, and ever since its first production in 1893, it has been the delight of all opera-goers from the youngest to the oldest. The songs and dances, often in folk style, do not break the continuity of the music.

The opera was interpreted with gusto last evening. The most pleasing singing of the evening was done by John Bennett Ham who took the part of Peter, a broom-maker, and Marie Matyas as Hansel. Constance Elshart, in the role of the witch, afforded much amusement.

"LIGHTNIN'" GIVEN BEFORE AUDIENCES IN CITY MONDAY

"Lightnin'", the famous stage characterization of an old lovable liar, a civil war veteran of Nevada, was presented by a company of professional actors before the student body at the high school yesterday afternoon, and last evening before an appreciative audience in the same auditorium.

The production is billed for another student performance this afternoon, and a regular showing for the public this evening at the high school.

The small admission charge in effect for the shows is used to pay transportation charges for the company.

Other expenses, such as actors' salaries are provided for under the music and drama project of the WPA.

Fred Darr, recreation director, last night stated that four more productions could be made available to local audiences if interest warranted booking dates for them. They are, production of the opera "Carmen" now in rehearsal in Quincy, negro musical comedy, musical comedy now in rehearsal in Springfield, and a concert band performance with a 200 piece ensemble now rehearsing in Peoria.

Starting in the current play is Guy L. Beach, playing the title role. He is also director and is known as one of the country's best producers, actors and managers. He was formerly connected with the Gifford players in Springfield.

CHRISTIAN SCIENCE CHURCHES "Sacrament" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, January 12.

The Golden Text was, "In the world ye shall have tribulation; but be of good cheer; I have overcome the world" (John 16:33).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "Servants, be subject to your masters with all fear; but also to the lord. For this is thankworthy, if a man for conscience toward God endure grief, suffering wrongfully. . . . For even hereunto were ye called: because Christ also suffered for us, leaving us an example that ye should follow his steps" (I Peter 2:18, 19, 21).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Christians, are you drinking his cup? Have you shared the blood of the New Covenant, the persecutions which attend a new and higher understanding of God? If not, can you then say that you have commemorated Jesus in his cup?"

Glasgow Youth Seriously Hurt While Hunting

Ruby Bryan Shot In Abdomen Monday; Brought To Hospital Here

Glasgow, Ill., Jan. 13.—Ruby Bryan, 16 year old son of Mrs. Ruth Bryan was seriously wounded about three o'clock Monday afternoon on a farm north of Glasgow, when a 22 rifle was accidentally discharged, the bullet striking the youth in the abdomen. He was taken to Passavant Hospital in Jacksonville, where surgeons declared his condition was critical.

Bryan in company with two Blake brothers was hunting rabbits near the Fred R. McLaughlin farm, where he lives.

Following the shooting the Blake brothers assisted the wounded youth to the farm of Merle Smith, about a mile from the McLaughlin farm. Smith placed the wounded boy in his automobile and took him to the office of Dr. J. W. Eckman in Winchester, where he was given first aid treatment.

Dr. Eckman ordered the youth taken to the Jacksonville hospital where he was placed under the care of Dr. F. A. Norris.

The surgeon located the bullet imbedded near the spine.

Local Debaters Meet Waverly

Two Contests Are Conducted Monday Between Schools

Jacksonville High School opened its debate season with two practice contests against the Waverly speakers yesterday afternoon and evening. All of the members of the squad and Coach Harold Gibson made the trip, leaving about two o'clock and arriving at the Waverly Township High School for the first of the day's debates which took place following the dismissal of school in the afternoon.

In this meet, the Jacksonville negative team, composed of Ralph Dunlap, Mary Frances Gaumer and Bill Clark, spoke against the Waverly affirmative, made up of Burton Caruthers, Warren Beatty and Helen Alford. Groups of students and teachers from Scottville and Loomi attended this debate.

After the supper hour, both Waverly and Jacksonville squads left for Franklin where the second contest took place. In this debate, the Crimsons affirmative, Mary Butler, Bill Green and Mary Butler, opposed the Waverly negative, upheld by Harold Boston, Ruth Smethers and Robert Jarret. A large audience of Franklin students, teachers and townspeople gathered in the high school auditorium to hear this debate.

Both of the debates were non-decisional, being purely of a practice nature for both teams. The Waverly group is coached by A. W. Heath.

LOCAL COMPANY IS GIVEN RECOGNITION IN NATIONAL MAGAZINE

The January issue of the Iron Fireman Magazine has an article by J. T. Hackett, manager of Walton & Company, local Iron Fireman distributors. The article deals with the part that local advertising has played in the success that this company has had this past year. Mr. Hackett points out the fact that local newspapers have brought splendid results.

This recognition comes as a distinct honor for Walton & Company. The Iron Fireman Manufacturing Company distributed its products through more than 800 dealers all over the world. Only dealers that are outstanding in sales and service work are picked for mention in this magazine.

The article is headed by a picture of an exhibit displayed by Walton & Company at the Morgan County Fair last fall. A picture of another Walton & Company exhibit was run in an earlier issue.

Walton & Company is a corporation that has been in business in Jacksonville for 34 years. Besides being distributors of Iron Fireman Stokers they conduct a complete fuel and heating service.

McCABE CHURCH ACTIVITIES

The National Week of Prayer, observed by McCabe, was a spiritual help to us. Mesdames Emma Black and J. Blaine Walker were elected presidents of the W. H. & W. F. M. societies respectively.

The Epworth League voted to hold a valentine entertainment in the church dining room, Friday night, Feb. 14.

The combined choirs sang at the morning worship hour.

Young people's night was changed to Sunday, Jan. 19th to make possible the speech of William Davis, one of our splendid young men.

Sunday, January 19 is church-wide day in the Methodist Episcopal church to raise funds to Save-the-Sanctuary. The minister will deliver a special sermon in this effort at 11:00 a. m.

Frances M. Alkire, trustee, is complainant in a foreclosure suit filed in circuit court yesterday against Bertha Willard, et al. An original indebtedness amounting to \$375 is alleged, and property described as lot one in Mathers and VanWinkle's addition to Jacksonville is involved.

Oscar Zachary is the attorney for the complainant.

Fan Breezes

By Ernest Savage

This basketball season is going to go down in history as one that has aroused more arguments than any other about victories and defeats. There have been at least five disputes this year that we have noted.

It is well known that one basketball victory does not indicate that another will follow when the same two teams meet again. Several teams already have learned it this season.

Beardstown is eager to deny that there was anything wrong with the timing of the Jacksonville-Beardstown game, a point which we are in no position to argue about.

We have Coach Walker's word for it. Over a period of years we have found him reliable. Over that same period of years he has been dissatisfied with the reception his team has received in Beardstown. Therefore, he has decided not to play in any more Beardstown tournaments.

And then, there is a question as to whether Murrayville beat Franklin the other week. The implement used to signal the end of the third quarter failed to attract the attention of Referee Bruno Bierman's ears.

During the time it took to attract his attention from the heated contest, the Shadows scored a couple points. The question was immediately raised as to whether the points should count. The score jockeyed back and forth during the intermission, but the points were finally allowed.

Murrayville won by a single point. Coach A. J. Lettze was unable to be present at the game because of illness. The report we get was that the timer first declared the points did not count, and then changed his mind.

We have heard a rumor that Floyd Newkirk has been sold out of the Coast League, and next summer will appear in the Southern league. He may hook up with Dave Lawless some of these days in a pitching duel, and that would be something.

Willie Hoppe Takes W. Cochran's Crown

First Player in World to Hold Three Titles at Same Time

Chicago.—(AP)—Willie Hoppe, the boy wonder and the grand old man of billiards at the same time, seems to be getting better as he grows older.

At the age of 48, when most men in sports are through, Hoppe today had achieved the ambition of his life—winning the world's three cushion billiard championship, the only title that ever eluded him, from Welker Cochran in a challenge match, 300 to 208.

He is the first billiard player to hold three titles at the same time, the three cushion crown, the 181 ball line championship and the one cushion, or cushion carom, title.

Rated as the greatest billiard player of all time, he first grabbed the cue at the age of 7 in a hotel owned by his father in Cornwell-on-the-Hudson. Since then he has won 20 championships.

Charley Peterson of St. Louis, the famous trick shot star, who has traveled the country with Hoppe for 30 years giving exhibitions, says that Hoppe is the greatest player who ever lived. He still refers to Willie as "the boy."

"I never saw anybody like him," Peterson said today. "He's clean, affable, and refined all the way through. I've always preached to others to lead the life of Hoppe and they would be a success."

Hoppe's first distinguished championship achievement was scored back in 1906, when, at the age of 18, he went to Paris and conquered the 60-year-old Maurice Vignaux, of the world's 181 ball line championship.

Games This Week

Tuesday—Hillview at White Hall. Friday—Greenfield at Roodhouse; Carrollton at J. H. S.

Winchester high is sitting in the prettiest spot of any of the teams in this section just as present, its tournament holding up play in the conference this week and its team is showing more power than was expected earlier in the season.

The Wildcats have invited the outstanding teams in both sections of the Illinois Valley to come to Winchester for the annual tournament, and all of them will be there when the curtain is lifted Wednesday night on a two-game opener. White Hall, already a victor over Jerseyville once this year, will meet the Jersey county lads again, and Pittsfield, with two wins against its old rival already marked up, will meet Pleasant Hill again. Murrayville and Griggsville will open the second night's show, and Winchester will meet Bluffs in the nightcap.

Whether the Wildcats kept themselves from looking too good until after the seven other coaches who will bring teams to the tournament had seen their selection remains to be made, but the Cats turned back Pittsfield and Jerseyville on consecutive nights to send their stock soaring upwards. Murrayville holds a decision over them, but the Cats will have a chance to avenge that if both the Shadows and Winchester win their second night games.

Only one conference scrap is on the books this week, bringing together Greenfield and Roodhouse on Friday night. Roodhouse probably will rank second when the firing is all over in the Southeastern division, a bit of hope which will cause the Greenfield team to dig in a bit harder.

Carrollton's Hawks will come to Jacksonville for a non-conference game, and Hillview's tall lads will take on White Hall tonight. Archie Collins, former Illinois College broad jumper, is coach of the Hillview team.

The race in the National League was fairly close in both divisions until about midway of the season, when the New York Giants, who won the league championship in 1934, forged ahead of the other contenders in the eastern division.

The race in the western division was so close that the winner was not decided until the closing day, when the well balanced Detroit Lions emerged victorious.

In the final playoff between the winners of the two divisions for the championship Detroit emerged as new world champions.

The outlook for 1936 exceeds all previous seasons. The crop of football players that will graduate next June and become eligible for National League competition has never been so large, and with the personnel our clubs now have, the additions that can be made from the boys who graduate, each team should be stronger for 1936.

Carrollton at J. H. S.

Saturday Night

Missouri S. D. at I. S. D.

Illinois College at Wesleyan.

While Routt and Illinois School for the Deaf are getting ready to open the city basketball wars, Illinois College's quintet, improved somewhat, will begin preparation for an added conference battle against Illinois Wesleyan at Bloomington Saturday night.

The Blueboys were booked to meet Deslevan when Athletic Director Van Meter and the Wesleyan chief, Harry Bell, talked things over during the week-end. Both teams were to have more conference games, and the game was arranged to give both a better chance at a higher standing in the race. Wesleyan is scheduled to meet Millikin this Friday night at Decatur.

A bit of sunshine followed the announcement of the added game on the Blueboy card, almost devoid of January games. Clyde Coddington, six foot five inch forward, finally climbed over the last scholastic hurdle to meet the Wesleyan team in the basketball team, and was granted the privilege of returning to the squad for week-end games. A temporary tangle involving another of the Blueboys was discovered just in the nick of time, averting the disqualification of another player.

Van Meter's squad will be intact for the week-end battle, with Laster, captain, the Fletcher brothers, Fred May, Nick Watts, and all members of the varsity string eligible. Coddington will be after a place on the starting line-up, but will have trouble wrestling the place from either May or Watts.

Jacksonville high will have its lightest week-end this week, meeting only one opponent. The Crimsons, who already have played 12 games and have made a record of 11 won and one lost, will meet Carrollton here.

The big interest locally will be centered on the I. S. D. and Routt game at Liberty Hall, with the Tigers again rated as the favorite. Routt has a team that is coming along, but there is considerable doubt that they will be able to match shots with the Tigers, who will be keyed up to repeat their football victory. The Tigers surprised Routt last year with a fourth quarter finish that gave them the 25 to 12 victory in the first game, and a narrow 17 to 15 victory in the final battle.

The Tigers showed up well on their road trip, losing out to Joliet Catholic after a long road trip in their first game, and then tumbling in an overtime game at Ottawa Friday night. Routt dropped McCooey of Hannibal easily, and then proved to be just as easy a victim for White Hall.

Other games listed for near-by gymnasiums this week:

Tonight

New Berlin at Ashland. Chandlerville at Kibbourn. Hillview at White Hall. Virginia at Rushville.

Wednesday Night

Winchester tournament.

Thursday Night

Easton at Ashland. Winchester tournament. Little Eight tournament.

Friday Night

Greenfield at Roodhouse. Bath at Virginia. Waverly at Auburn. Alsey at Chapin. Mt. Sterling at Chandlerville.

Saturday Night

New Berlin at Waverly. Feisthans at Ashland. Winchester tournament. Little Eight tournament.

Eight Teams Leading Little 19 Cage Race

Millikin and Wesleyan Will Meet in Conference Top-Battle

Chicago.—(AP)—A three-way deadlock for a place in the "No Man's Land" atop the Illinois Intercollegiate Conference basketball standings was in prospect today as league teams opened the week's schedule calling for 13 championship contests.

Millikin, now at the head of the list and undefeated in three starts, will play only one game this week. That, however, will be a "crucial" game with Illinois Wesleyan, which is also undefeated.

Augustana and Western Teachers, both holding two wins, will each play two games this week. Victories in all games would place these two teams in a tie with Millikin at four wins apiece. Augustana will meet Eureka and North Central while the Western Teachers five faces Eureka and Bradley.

Augustana achieved its triumphs last week at the expense of Monmouth, 42 to 27, and Wheaton, 52 to 35. Western Teachers topped Wheaton last week, 44 to 27.

Wesleyan, which pushed to the fore by trouncing the previously undefeated Southern Teachers quintet, 27 to 25, is also in a position to reap a share of the honors.

Swine Market Is
Steady To LowerChicago, Jan. 13.—(P)—Hogs opened
mostly steady with Friday's average
and the bulk of the supply of 28,000
was cleared at this level today but
the market closed steady to 10 cents
lower. Sows were 5 to 10 cents
higher.A liberal run greeted buyers. Sales
in the early rounds were strong to
higher compared with Saturday's
level. The early top was \$10.20 but
in late dealings the best price was
\$10.10. Firm to 25 cents higher were
paid for strictly good choice and
prime steers and yearlings. The top
reached \$14. The bulk of the 15,000
run, however, consisted in between
grades which were unevenly steady to
25 cents lower.Fat lambs closed 25 to 35 cents
higher, spots up more.

Stock Market Ends
On Upward Slant

By Frank MacMillen

Associated Press Financial Writer

New York, Jan. 13.—(P)—Two im-
portant supreme court decisions failed
today to throw the stock market
off its upward slant.Prices ended on an upward slant,
with rails in active demand. Through-
out the session the market had been
orderly and rather narrow.Activity was restricted during most
of the day, although the late buying
in rails caused the tape to slip a
minute or so behind around the fin-
ish.The Associated Press average of 60
stocks advanced 1 of a point at 57.5,
ending into new 1935-36 high ground.The 15 rails in the compilation
gave it its principal buoyancy with an
advance of 5 of a point to a new top
for more than a year at 32.4. The 15
utilities were 2 of a point improved
while the 30 industrials slipped back
as much.The trading pace was ambling most
of the day. Turnover in the Stock
Exchange, at 2,599,250 shares, was the
smallest for a 5-hour session since
January 2.Several packing stocks were active
and moderately higher both before
and after the high court's ruling
which decreed the return to process-
ors of some \$200,000,000 of levies
which have been held in escrow by the
courts.In this group, with an advance of
Wilson & Co. was in brisk demand
more than a point at 104.Beside reporting net for the year
ended October 31, equal to \$1.08 a
share, compared with 94 cents in the
previous like period, the company's
balance sheet showed that \$3,501,348
of processing taxes were deposited in
escrow awaiting today's decision of
the high court.

Average Lower

By John P. Boughan

Associated Press Market Editor

Chicago, Jan. 13.—(P)—Peristaltic
liquidating of May contracts did much
to bring about a lower average of
wheat values today.Short-lived rallies followed an-
nouncement that the rice process tax
case before the United States Supreme
Court had been decided in favor of
millers. Traders concluded after-
ward, however, that the status of
taxes actually collected by the treas-
ury remained in doubt. Under such
circumstances, wheat prices again
sagged.With new speculative buying power
slack and with the Winnipeg market
acting as a ceiling that prevented up-
turns, wheat closed unstable at the
same as Saturday's finish to 1 cent
lower, May 100-100 1/4, corn 1-1/2 down,
and provisions varying from 20 cents
setback to a rise of 2 cents.Uncertainty as to how much wheat
the Canadian government board
would permit to be disposed of before
permitting a rise seemed as more than
an offset to bullish factors. It was
in vain bulls contended the prospects
was obvious the Washington adminis-
tration would submit to Congress
a fresh domestic crop control program
which would likely be enacted with
little delay, and that this should in
particular tend to lift new crop fu-
tures. A considerably heavier country
movement of domestic wheat, togeth-
er with continued failure of flour de-
mand to show any signs of material
expansion, acted as a weight on the
market.FIND STOLEN FORD

Stock Market Ends On Upward Slant

By Frank MacMillen
Associated Press Financial Writer

New York, Jan. 13.—(P)—Two important supreme court decisions failed today to throw the stock market off balance.

Prices ended on an upward slant, with rails in active demand. Throughout the session the market had been orderly and rather narrow.

Activity was restricted during most of the day, although the late buying in rails caused the tape to slip a minute or so behind around the finish.

The Associated Press average of 60 stocks advanced 1/4 of a point at 57.5, ending into new 1935-36 high ground.

The 15 rails in the compilation gave it its principal buoyancy with an advance of 5 of a point to a new top for more than a year at 32.4. The 15 utilities were 2 of a point improved while the 30 Industrials slipped back as much.

The trading pace was ambling most of the day. Turnover in the Stock Exchange at 2,599,250 shares, was the smallest for a 5-hour session since January 2.

Several packing stocks were active and moderately higher both before and after the high court's ruling which decreed the return to processors of some \$200,000,000 of levies which have been held in escrow by the courts.

In this group, with an advance of Wilson & Co., was in brisk demand more than a point at 10 1/2.

Beside reporting net for the year ended October 25, equal to \$1.08 a share, compared with 94 cents in the previous like period, the company's balance sheet showed that \$3,301,248 of processing taxes were deposited in escrow awaiting today's decision of the high court.

Wheat Values Average Lower

By John P. Boughan
Associated Press Market Editor

Chicago, Jan. 13.—(P)—Persistent liquidating of May contracts did much to bring about a lower average of wheat values today.

Short-lived rallies followed announcement that the rice process tax case before the United States Supreme Court had been decided in favor of millers. Traders concluded afterward, however, that the status of taxes actually collected by the treasury remained in doubt. Under such circumstances, wheat prices again sagged.

With new speculative buying power slack and with the Winnipeg market acting as a ceiling that prevented upturns, wheat closed unstable at the same as Saturday's finish to 1 cent lower, May 100-100, corn 1-1/2 down, May 59 1/2-60, oats unchanged to 1/2 off, and provisions varying from 20 cents setback to a rise of 2 cents.

Uncertainty as to how much wheat the Canadian government board would continue to dispose of before permitting a rise served as more than an offset to bullish factors. It was in vain bulls contended the prospects were obvious the Washington administration would submit to Congress a fresh domestic crop control program which would likely be enacted with little delay, and that this should in particular tend to lift new crop futures. A considerably heavier country movement of domestic wheat, together with continued failure of flour demand to show any signs of material expansion, acted as a weight on the market.

Swine Market Is Steady To Lower

Chicago, Jan. 13.—(P)—Hogs opened mostly steady with Friday's average and the bulk of the supply of 28,000 was cleared at this level today but the market closed steady to 10 cents lower. Sows were 5 to 10 cents higher.

A liberal run greeted buyers. Sales in the early rounds were strong to higher compared with Saturday's level. The early top was \$10.20 but in late dealings the best price was \$10.10. Firm to 25 cents higher were paid for strictly good choice and prime steers and yearlings. The top reached \$14. The bulk of the 15,000 run, however, consisted in inbetween grades which were unevenly steady to 25 cents lower.

Fat lambs closed 25 to 35 cents higher, spots up more.

DISTRICT MANAGER OF NRS WILL TALK AT CLUB MEETING

Ralph Easley, district manager of the National Reemployment Service, will be the speaker at the regular meeting of the Business and Professional Woman's club to be held on Thursday evening. Supper will be served at 6:15 o'clock, followed by the program which will include several musical numbers and group singing. The meeting will be in charge of the Personnel and Research committee, of which Miss Edna Bell Clark is chairman, others on the committee are: Miss Lena Hill, Mrs. Gertrude Funk, Miss Viola Denton; Supper committee, Miss Minnie Wyatt, Mrs. Margaret Brown, Miss Charlotte Ryan.

"Sacrament" was the subject of the lesson-sermon in all Churches of Christ, Golden Text, Sunday. The Golden Text was "In the world ye shall have tribulation; but be of good cheer; I have overcome the world" (John 16:33). Among the citations which comprised the lesson-sermon was the following from the Bible: "Servants, be subject to your masters with all fear; not only to the good and gentle, but also to the forward. For this is thank-worthy, if a man for conscience toward God endure grief, suffering wrongfully. . . . For even hereunto were ye called: because Christ also suffered for us, leaving us an example that ye should follow his steps" (1 Peter 2:18-21).

The lesson-sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Christians, are you drinking his cup? Have you shared the blood of the New Covenant, the persecutions which attend a new and higher understanding of God? If not, can you then say that you have commemorated Jesus in his cup?" (p. 33).

Mayor F. C. Todd and Charles Heim of Roodhouse were visitors in the city yesterday.

Lawyer Kills Fox In Court Room;

Shoots At Judge

Chicago, Jan. 13.—A few hours after he shot and killed an attorney during a circuit court hearing and then attempted to assassinate the judge, John W. Koegh, elderly well-to-do realty owner was declared insane tonight by Dr. Francis J. Gerty.

The psychiatrist found that Koegh, a member of an aristocratic Chicago family, was suffering from senility and a locked-in condition. Koegh exhibited no apparent remorse for his wild outburst of shooting while the court, faced by an adverse ruling of the court, was at an adjournment.

The pistol-wielding attorney, identified as John W. Koegh, 59, ruled against him in a case he had argued for 20 minutes with Attorney Kinney. Kinney dropped dead beside the judge's bench at the first shot from Koegh's small bore revolver. Koegh fired three more shots before one of the attorneys in the crowded courtroom knocked him unconscious with a blow to the jaw.

One shot, aimed directly at Judge Pryalski as he sat on the bench, hit Pryalski in the back of the head. The judge ducked behind the bench. A second shot at Koegh's arm, and a second shot at the judge ground into the ceiling. A fourth bullet went through the floor of the courtroom, into the floor of the county building, into the floor of the county building, into the floor of the county building.

Koegh, a gray suit, went before Judge Pryalski as his own attorney, December 17, gave them the right to file an amended bill.

Lawyer Kills Foe In Court Room: Shoots At Judge

Chicago, Jan. 13.—(P)—A few hours after he shot and killed an attorney during a circuit court hearing and then attempted to assassinate the judge, John W. Keogh, elderly well-to-do realty owner, was declared insane tonight by Dr. Francis J. Gerty.

The psychiatrist found that Keogh, member of an aristocratic Chicago family, was suffering from senility and a paranoid condition.

Lodged in a cell, Keogh exhibited no apparent remorse for his wild outburst of shooting which was touched off by an adverse ruling of the court.

The pistol wielding attorney, identified as John W. Keogh, 59, ran amok when Judge Prystalski ruled against him in a case he had argued for 20 minutes with Attorney Kinney.

Kinney dropped dead beside the judge's bench at the first shot from Keogh's small bore revolver. Keogh fired three more shots before one of the attorneys in the crowded courtroom knocked him unconscious with a blow to the jaw.

One shot, aimed directly at Judge Prystalski as he sat on the bench, hit the judge's heavy chair. The judge ducked behind the bench. A spectator struck Keogh's arm, and a second shot at the judge ground into the ceiling. A fourth bullet went into the floor.

Keogh's sudden attack threw the crowded courtroom, on the ninth floor of the county building, into turmoil.

Keogh, a sedate figure in a wing collar and a gray suit, went before Judge Prystalski as his own attorney in a case against him. Judge Prystalski gave this version of what transpired:

"The New England Mutual Life Insurance Company had filed a creditor's bill against Keogh, and on December 17 I gave them the right to file an amended bill.

"Keogh came in today to ask that

this order be vacated. He was acting strangely, and I told him:

"Calm down—don't act so wild."

"Then I announced my order refusing to vacate the first one—an order adverse to Keogh."

"In a twinkling he pulled his gun and took a shot at Attorney Kinney, who represented the insurance company. Then Keogh began blazing at me."

Kinney was 54, married, and the father of two children.

Keogh was locked up in the sheriff's offices where he responded to attempts at questioning with irrational statements.

NEW TYPE POLITICAL BROADCAST PLANNED

BY ILLINOIS G. O. P.

Chicago.—Contending that the radio broadcast of political campaign speeches has become increasingly ineffective, the Illinois Republican Citizens Organization announced today a new type of political broadcast to be presented for the first time Tuesday, January 14, at 8:30 p. m. over Station WGN, Chicago.

The new type of program, entitled "Liberty at The Cross Roads," has been arranged by the Radio Division of the Republican National Committee, and its initial presentation will be under the joint sponsorship of the party's National Committee and the Illinois Citizens Organization.

Entertainment in the form of an all-star dramatic cast and music provide the medium for the presentation of current national problems. The first broadcast, it was announced, will deal with the public debt and agriculture.

W. F. BOYES DIES
Galesburg, Ill.—(P)—W. F. Boyes, superintendent of schools in Knox county for 32 years, died at his home here last night. The educator resigned his position last summer.

F. A. House of the Bluffs community was among those transacting business in the city yesterday.

J. L. Peasly was among callers in the city yesterday afternoon from Pearl.

"Roxy" of Theater Fame Dies Suddenly In Hotel in Gotham

Found Dead in Bed by Maid This Morning; Pioneer of Stage Shows

New York.—(P)—Samuel L. Rothafel, motion picture producer known to thousands of theater-goers as "Roxy," died today of a heart attack in his room in the Hotel Gotham.

He was found in bed by a maid, clad in his pajamas, indicating that he died in his sleep. With his wife, who occupied another room, Rothafel had made the Gotham his home since last Oct. 1.

Besides the widow, the showman is survived by a daughter and a son.

"Roxy" was celebrated as a pioneer of the elaborate stage production, adding pretentious shows to the picture program. He also was one of the first of the well-known showmen to present his stage show on the radio. "Roxy and His Gang" was one of the first national-known radio acts.

At the height of his career he organized a building company which erected the huge Roxy Theater in New York, a structure with a seating capacity of 5,221.

Rothafel, believed to be in the late fifties, was born in Stillwater, Minn. From 1900 to 1907 he served in the United States marine corps, retiring with the rank of major.

He entered the motion picture business in the Pennsylvania coal region, operating theaters in various cities. He went to Minneapolis where he developed his talent for stage shows and was eventually summoned to the Strand Theater in New York, one of the first "de luxe" cinema houses on Broadway.

There, permitted free rein in the staging of his "presentations," Roxy became the best known exhibitor in the country. Theaters throughout the country made use of his idea, and added stage presentations to their programs.

BEGIN HERE TODAY
DANA STANLEY, divorced from her husband, DR. SCOTT STANLEY, is making plans to marry RONALD MOORE NANCY. Dana's half-sister, has loved Ronnie completely for years.

Dana had left her husband, believing he loved NANCY. Scott thinks Dana was tired of being poor.

He becomes a partner of the town's outstanding physician, DR. OSBORNE.

Racing home to prevent the marriage, Scott's car crashes with another car that had taken a turn on the wrong side of the road.

Scott escapes injury. He takes the injured occupant of the other car to the city and anxiously prepares to operate. He plans with a fellow physician to bring Dana to the hospital.

Dana hears of the accident and rushes to Scott, leaving Nancy to break the news to Ronnie. Ronnie's heart is broken and he agrees to marry her.

IERC Allocates \$13,658 For Use In Morgan County

Money To Carry Relief Load During Last Half Of This Month

Chicago, Jan. 13.—(P)—In a perfunctory session the Illinois Emergency Relief Commission today allocated \$3,074,725 to the 102 counties of the state on the assumption that the legislature would appropriate \$2,500,000 of this sum within the next 48 hours.

The money will carry the relief and during the last half of January, and the difference in the amount expected from the legislature and the total will be supplied by funds now in the possession of the commission or the counties.

Downstate was slated to receive \$1,043,836, with the remainder to be used in Cook county (Chicago). The allocations, as approved were the differences between the amounts asked for January by the counties and the sums actually made available to them.

The accounting department estimated that actual needs during the last half of that month would be lower than the estimated amount.

The first report on the actual number of cases the Workers Progress Administration had taken from relief rolls was presented to the commission today. Up to Dec. 31, 1935, Louis J. Cwen, chief statistician, said, 125,414 family cases had been removed, plus approximately 1,000 non-family cases.

John C. Martin, chairman of the commission, was reported en route to Springfield to watch over the progress of the relief bills now before both houses of the legislature.

Final Rites Are Conducted At Virginia Sunday;

News Notes

Virginia, Jan. 13.—Funeral services for Arthur G. Hill, well known Cass county citizen, were held Sunday afternoon at 2 o'clock at the Virginia Methodist church, Rev. J. W. Armstrong officiating. Interment was made in Walnut Ridge cemetery near Virginia.

Music was given by Mrs. L. Morgan and Mrs. Lee Skiles. The flowers were cared for by Mrs. Thomas Hare, Mrs. Elmer Carlson, Mrs. Sue Lancaster and Miss I. Lancaster.

casket bearers: Amil Hill, Arth Jamison, Ted Jamison, Burwell Davidson, William Smith and Ed Jokisch.

Mr. Hill was an old and respected resident of this city and passed away

Mrs. Alice Boice, in Beardstown where he suffered a stroke a few days before. He was born in New York May 15, 1854, and came to this community at the age of 19, making home with a relative E. B. Rand. It was here he met his wife, Mrs. Jennie Fleming, of Ontario, Canada, who was visiting here and they were married on March 4, 1881. The cedent followed the trade of war maker for a while, later farming the Oregon community and moving to this city, became sexton of Walnut Ridge cemetery in 1900, where position he held until forced by health to resign in 1933. His accustomed manner, and honest, and

Mr. and Mrs. Hill were the parents of thirteen children, all but one of whom are living and with the mother in this position won him many friends, and in this beautiful ceremony where he toiled so many years he was laid to rest Sunday.

were present at the bedside of the father when he was called to the Great Beyond, and at the service Sunday. They are as follows: Alma Smith and Mrs. Frances Wallace of this city; William Hill of Clinton; George Hill of East Chicago, Ind.; Herbert Hill of East Chicago; Edith Jamison and Mrs. Alice Boyd of Beardstown; Ed Hill of Chandler; Flora Hill of Arcadia; Hazel Davidson of Barry; Mrs. Margaret Jokisch and Mrs. Rachel Wallace of Springfield. There are 26 grandchildren and three great-grandchildren.

SPECIAL MUSIC

A vocal duet by Miss Mardell Smith and Miss Jane Hostettler Wallace, with violin selections by Miss Lurene Plumlee, furnished the special music for the State Street Presbyterian communion service Sunday morning. The girls are students of MacMurray College.

Additional Loot Stolen In City Is Recovered

Kirkville Officers Here Monday Tell Of Work On Theft Cases

Two Kirkville, Mo., officers here yesterday stated that practically all of the articles stolen from Jacksonville residents last month have been recovered. One diamond ring, property of C. Strubinger, and a few articles of wearing apparel have not been located, said the officers, but they hope to obtain the ring. Additional loot is being recovered daily the men said. The officers here last night were C. Morse Parker, state trooper and Deputy Sheriff Arthur Floyd.

The officers stated among late recoveries was the fur coat stolen from Mrs. Strubinger. The coat was obtained in Oklahoma, together with other articles, the officials stated. The coat is now being held in Kirkville.

The three men held in connection with the widespread robberies are now being held in Kirkville with seven charges lodged against them. The accused trio are Homer Fanning, Alfred Schmidt and Dr. R. M. Blum.

The officials said that the almost complete recovery of stolen articles for Jacksonville victims was due to the fact that the loot had not been in the hands of the alleged thieves only a short time. Practically none of the articles stolen last October has been found.

The two officers who were here Monday stated that they have been working on the cases since December 27, and each day there are new developments. They have been fortunate in clearing up practically all thefts that occurred in Kirkville, only one diamond ring being missing.

The officials remained in the city last night and will return to Missouri today.

Light Plant Debate To Be Held Tonight

Expect Capacity Crowd At College This Evening To Hear Discussion

A capacity crowd is expected this evening at the debate on the municipal light plant question to be staged by the Illinois College Debate Council in the I. C. chapel. The keen interest shown by the students and citizens of Jacksonville has caused sale of many tickets. Professor H. C. Franchère, advisor to the council, announced yesterday that only enough tickets had been printed to fill the limited seating capacity of Jones Chapel on Illinois College campus.

The debate offers a chance for Jacksonville people to hear both sides of the much discussed question from the same platform. The debaters have been invited by the debate council with an eye toward presenting speakers, pro and con, who are well versed in the subject and who will discuss it from a purely debate standpoint.

Professor H. J. Stratton, head of the economics department at Illinois College and Edward Cleary, prominent local attorney, will uphold the affirmative of the question. Joe Patterson Smith, professor of history at the college and Walter Bellati, Sr., will take a negative stand in the debate.

All four speakers are local men and are vitally interested in the subject. They have accepted the invitation of the I. C. debate council to present the sides of the question to those who are interested and do so without regard to personal opinion.

The debate will be on the specific question in Jacksonville and not on the theory of municipal ownership. The issue in question comes to a vote the 21st of this month.

Willard Ice, president of the I. C. Debate Council in a statement issued yesterday said, "The real purpose of debate is to bring before the people two contrary sides of a specific issue. The I. C. Debate Council is glad to offer to the people of Jacksonville this opportunity to hear both sides of the home owned light plant question discussed by intelligent and thinking Jacksonville citizens."

Tickets may be obtained at the office of the Journal-Courier or at the door.

Mrs. Harrison Of Beardstown Dies

Death Of Lifelong Resident Of Cass Occurs At Noon Monday

Beardstown, Jan. 13.—Mrs. A. T. Harrison, 62 year old life long resident of this city, died at noon today following an illness of several months.

Elizabeth, daughter of Harrison, the daughter of the late Jacob and Margaret Buchheit, was born September 14, 1873, in the same home where she resided her entire life at 414 W. 4th street.

She was united in marriage to A. T. Harrison September 14, 1895. To this union five children were born, who with the husband survive her. The children are Mrs. George Weber, Carl E. Paul G. and Elizabeth, all of Beardstown, and Mrs. Carl McDonald of Virginia. There is also one brother, Jacob Buchheit, and one sister, Mrs. Nettie Cobbe.

Mrs. Harrison was a devoted mother, a good neighbor and a faithful member of the First Evangelical Lutheran church. The body was taken to the Simpson funeral home to be prepared for burial. Arrangements for the funeral are incomplete.

Mrs. Ralph Dugger of Franklin was a shopper in the city yesterday afternoon.

Distinguished Physicist Will Give Talk Here

Dr. W. F. Swann To Speak Friday At MacMurray College For Women

"The New Era in Science" is to be the subject of an address by Dr. William F. Swann, the well known physicist, at MacMurray College Friday evening. Although a distinguished scientist in his own right, with more than a hundred and fifty articles in learned journals and fifty articles in the popular press, Dr. Swann has made himself known to the greater public as a brilliant popularizer of difficult problems in book form as well as from the platform. He will appear here as the third lecturer of the MacMurray lecture series, speaking in Music Hall at eight fifteen o'clock.

The speaker was born and educated in England, and began his scientific career there, as lecturer and demonstrator in physics at the University of Sheffield. After his emigration to the United States in 1913 he became chief of the division of physics, department of terrestrial magnetism, of the Carnegie Institution at Washington. He left this position in 1918 for an academic career, and held professorships successively at the University of Minn., Chicago and Yale. Since 1927 he has been Director of the Bartol Research Foundation of the Franklin Institute, Philadelphia.

Dr. Swann's book, "The Architecture of the Universe" met with a ready reception from the public. It was written for that class of educated readers who have no special knowledge of physics or mathematics yet wish to grasp the broad features of the design of the physical world and endeavor to understand that plan. His fresh viewpoint, his vivacity and the vividness of his illustrations not only won admirers for the book but suggested the authors suitability for the lecture program.

Cosmic rays, terrestrial magnetism, atmospheric electricity, etc., are the doctor's special interests, and it is along those lines that he has made original contributions to science. This special knowledge was put to use recently in the famous stratosphere flights. Dr. Swann was in charge of the design and installation of the cosmic ray apparatus used in the flight of both the National Geographic U. S. Army experimenters and Professor Piccard. When the Piccard ascension from Dearborn was made a year or so ago, and the altitude record broken, those in charge of the cosmic ray apparatus wished to consult Dr. Swann regarding certain operations. They did so by radio, so that Swann, in Philadelphia, had the unique experience of sharing in the working out of a laboratory experiment being carried on hundreds of miles away and miles high in the air.

Going into the history of his administration as mayor, Mr. Rodgers pointed out that during that time the city constructed five miles of paved streets despite the fact that it did not have any bonding power. The streets were paid for by the property owners through a special assessment covering the entire cost of the project. The city, he said, did not pay a single cent toward the improvement.

In view of that fact, the former mayor said he believed the tax payers would be glad to assume the special assessment against the high school district if it meant that the city was to have new grade school units. The 14 to 1 vote in favor of authorizing the construction of the two units and the issuance of bonds to cover the cost of the district's share of the expenses, was another point arguing toward the city's acceptance of any action looking toward assuming the obligation of the public benefits funds, he declared.

Answering Mr. Rodgers' plea, which was without the knowledge of several members of the board of education, the finance chairman said that a few years ago the city made a settlement with the board of education on outstanding special assessment indebtedness, and at that time there was an understanding between the council and the board of education that all future special assessments would be paid when due. The board has failed to meet these payments, he continued.

The project, he said, was meritorious, and deserved the consideration of the council. He declared that he was in favor of doing something about the indebtedness if something could be done. Aldermen Ralph Green, John Early, George Brown and Robert Weaver all agreed to give the matter consideration.

Projecting several improvements for the city during the coming year, the appropriation ordinance was given its first reading, budgeting expenditures for the council amounting to approximately \$218,000. The appropriation ordinance will be followed by a tax levy ordinance which will be certified to the county clerk for the purpose of raising funds to meet the estimated expenses of the city. Actual taxes to be levied will total about \$65,000 and the remainder of the amount budgeted will be raised by various means, none of which will be bond issues.

Davies Observe Wedding Date

Twenty-Fifth Anniversary Is Marked Sunday; Program Is Enjoyed

Relatives and friends gathered at the home of Mr. and Mrs. Harvey L. Davies five miles east of the city Sunday in honor of their Twenty-fifth Wedding Anniversary.

At the noon hour a bountiful dinner was served. After dinner Mr. and Mrs. Davies were presented with a set of silver knives and forks, and other lovely gifts.

During the afternoon music and singing was enjoyed with Miss Margaret Barber at the piano.

The celebration took place in the home in which they were married. There were fifteen present who were then at the happy occasion twenty-five years ago.

Those present were: Mrs. Thomas Boyd, Miss Fannie Boyd, Mrs. J. W. Davies, Mr. and Mrs. Earl Baxter, Ethel and Jimmie Baxter, Mr. Rollin Trotter, Mary Frances Trotter, Mrs. Sarah E. Boyce, Mr. James Baker, Miss Lillie Ledford, Sallie Hoagland, Warren Hoagland, Mr. and Mrs. A. J. Barber, Mrs. Cora Hamm, Olive Lee and Mildred Hamm, Margaret, Mary and Willie Barber, Mr. and Mrs. Roy White, Mr. and Mrs. J. W. Ledford, Mrs. Nora Green, Mrs. Lena Francis, Mrs. W. C. Thompson, Mrs. J. E. Rawlings, Mr. and Mrs. B. F. Ferguson, Hal Ferguson, Mr. and Mrs. Oliver Cromwell, Mr. Lloyd Cromwell, Mr. and Mrs. Everett Armstrong, John, Robert and Junior Armstrong, Mr. and Mrs. Newhem Oddy, Mr. and Mrs. Edgar Gottschall, Morris, Raymond and Floyd Gottschall, Miss Palma Mae Oddy, Mrs. Lora Brainer, Mr. Bob Ray, Mr. and Mrs. Howard Myers, Miss Helen Feareyhouse, Mr. and Mrs. H. L. Davies, Eunice, Billie and Betty Davies.

REINSTATE SALARIES

Re-instating a ten percent salary cut put on city employees shortly after the loss of a large amount of city funds in the Ayers National bank, will require a large part of the increased budget total for this year. The salary increases will affect every department, including police, fire, street, sewer, garage, treasurer's, clerk's, water pumping, water collecting, sewage treatment and dump supervisor.

An item of \$9,000 to pay for this city's share of the proposed WPA project during the coming months also is proposed in the budget. The item is new, and although no plans were announced as to how the money would be spent, the various items under the general heading included amounts for gravel, sand, cement, asphalt and rental of equipment.

Including in the budget a provision for paying the salary of a plumbing inspector, budgeted at \$1,000 a year over the opposition of Alderman George Brown, with the understanding that the remainder of the salary was to be paid out of fees collected for plumbing inspectors, the finance chairman indicated that it was his belief that the inspector should also be given the title of superintendent of water distribution, and should assist in the estimated \$10,000 worth of improvements to the city's water mains.

Inspector's Duties

The inspector, it was stated, would not need to spend his full time in inspecting plumbing improvements made by private plumbers, and therefore could be placed in charge of the water distribution system. Inclusion in the budget of approximately \$8,000 for the purpose of repairing the valves, re-locating valve boxes in stalling fire hydrants, was a victory for Alderman George Brown, who campaigned all through the summer in council meetings for the improvement.

AT LAZENBY HOME

Miss Nellie Coultas of Winchester is visiting at the home of Miss Eva Lazenby, on West Douglas avenue.

EBENEZER CHURCH HOLDS MEETING

On Friday night the Ebenezer church met at the home of Charles Reid. The president, Robert Houston presided during the business meeting. The minutes of the last meeting were read by the secretary, Lewis Duke. A paper was also given by Inez Houston. During the social hour games and music were enjoyed. At a late hour a refreshment course was served. Those present were: Bertie Mass, Helen Moss, Inez Houston, Jeannette Braker, Maxine Long, Lena Duke, Lewis Duke, Jean Reid, Charles Houston, John Hadden, Robert Houston, Clyde Patterson, Ernest Werries, Howard Houston, Charles Reid, Mr. and Mrs. Charles Brainer, Mr. and Mrs. Otis Mason, Mr. and Mrs. Paul Jones and sons, and Mr. and Mrs. Paul Reid.

Solution to School Building Plans is Offered to Aldermen

Presenting a solution to the dilemma in which the school board is now placed in view of the bids for the two new grade school units in the city, former Mayor Henry J. Rodgers last night asked the city council to consider paying the special assessment indebtedness now outstanding against the school district, and thereby raise the school bonding power sufficiently to finance the two units.

The proposal, taking the council by surprise, almost immediate favor in the minds of the five aldermen who met to hear the first reading of the appropriation ordinance for the coming year. The ordinance was laid over under the rules until the next regular meeting Thursday night.

Payment of the special assessment indebtedness against the school district, estimated to be about \$20,000, under his proposal was to be made out of a three mill tax the council is authorized to levy for public benefit purposes. Finance Chairman F. R. Mathews stated that this levy is made annually and that a portion of the receipts from this tax have been used to take care of losses sustained in the failure of the Ayers National bank.

The tax raises between \$27,000 and \$30,000 annually. Mr. Rodgers estimated, and pointed out that by careful planning it would be possible to reduce the special assessment indebtedness against the school district sufficiently in one year's time to allow the school board to increase its bond issue to a point high enough to construct both units.

Improvement of the street marking system also is anticipated in the present budget, a sum of \$850 having been set aside for the purpose of street and stop signs.

In restoring the salary cuts to the various departments, the aldermen also restored the cuts to their own wages. They will receive \$150 a year under the new rate, and the mayor's salary will be increased to \$1200.

The budget in the health department calls for the addition of a health inspector, a new item in the budget. The salary has been set up on a basis of \$1320.

Improvement of the street marking system also is anticipated in the present budget, a sum of \$850 having been set aside for the purpose of street and stop signs.

Urging voters to carefully investigate all statements made by either the supporters or the opposition to the proposed municipal light plant, Attorney Orville N. Foreman, last night addressed a large audience at the second ward meeting at the Lafayette school. Ralph Cowgair acted as chairman of the meeting. Mr. Foreman attacked the assertions that the proposition in any way constituted a debt of the City of Jacksonville and suggested that the ordinance be read by the voters. He stated that it could not possibly increase taxes as there would be no way that the city could tax to pay the obligations to be required to levy a tax for the operation or construction of the plant. He reminded the voters of the \$189,000 outright gift of the Federal government for this project, which would under no circumstances have to be repaid by the city.

Talk Light Plant Issue At Meeting

Second Ward Voters Hear Discussion Here Monday Evening

Urging voters to carefully investigate all statements made by either the supporters or the opposition to the proposed municipal light plant, Attorney Orville N. Foreman, last night addressed a large audience at the second ward meeting at the Lafayette school. Ralph Cowgair acted as chairman of the meeting. Mr. Foreman attacked the assertions that the proposition in any way constituted a debt of the City of Jacksonville and suggested that the ordinance be read by the voters. He stated that it could not possibly increase taxes as there would be no way that the city could tax to pay the obligations to be required to levy a tax for the operation or construction of the plant. He reminded the voters of the \$189,000 outright gift of the Federal government for this project, which would under no circumstances have to be repaid by the city.

He read a letter just received by him from U. S. Senator George W. Norris which was in part as follows: "The opportunity which the people of Jacksonville have of securing a Federal loan and grant to construct a generating and distributing system in their city is one which may not come again. You would be getting a generating and distributing plant worth \$420,000, for which you would have to pay \$231,000; the balance would be a grant. There would be no levy of taxes; there would be no possibility therefore of any additional taxation."

"Another objection which has always been made to municipal ownership is political. It is alleged by the Power Trust that a municipally owned plant will always get into politics, thus becoming inefficient and corrupt. One answer to this is that under private ownership and control of the electric light business, the power trust all over the United States is already in politics. It is in politics up to its neck. It resorts to any methods to influence public officials, all the way from the President down to janitors. So that as a matter of fact the people of the country must take over the electric light business, in order to get it out of politics."

"The opportunity now afforded the City of Jacksonville is in reality, an opportunity to get a generating and distributing plant without the taxpayers' paying a single penny for it, and at the same time, while doing this, to reduce the cost of electricity to all your people."

Aldermen W. H. Cocking and Ben Denny who had left the council meeting early in order to attend the meeting spoke briefly, and urged the people to support the Jacksonville Municipal Light Plant League.

Alex Van Praag, Jr., addressed the meeting and discussed the rate situation in detail.

L. B. Turner, J. W. Merrigan and H. J. Rodgers spoke briefly and urged the citizens to support the municipal light plant.

Funeral Services Held For A. G. Hill

Virginia, Jan. 13.—Funeral services for Arthur G. Hill, well known Cass county citizen, were held Sunday afternoon at 2 o'clock at the Virginia Methodist church. Rev. J. W. Armstrong officiating. Interment was made in Walnut Ridge cemetery at Virginia.

Music was given by Mrs. L. Montgomery and Mrs. Lee Skiles.

The flowers were cared for by Mrs. Thomas Hare, Mrs. Elmer Carlson, Mrs. Sue Lancaster and Miss Iva Lancaster.

Grandsons of Mr. Hill were the casket bearers: Amil Hill, Arthur Jamison, Ted Jamison, Burwell Davidson, William Smith and Edgar Jokisch.

Mr. Hill was an old and respected resident of this city, and passed away Friday at the home of his daughter, Mrs. Alice Boice, in Beardstown, where he suffered a stroke a few days before. He was born in New York May 15, 1854, and came to this community at the age of 19, making his home with a relative, E. B. Randall. It was here he met his wife, Miss Jennie Fleming, of Ontario, Canada, who was visiting here, and they were married on March 4, 1881. The deceased followed the trade of wagon maker for a while, later farming in the Oregon community, and moving to this city, became sexton of Walnut Ridge cemetery in 1900, which position he held until forced by ill health to resign in 1933. His accommodating manner and honest dealing in this position won him many friends, and in this beautiful cemetery where he toiled so many years, he was laid to rest Sunday.

Mr. and Mrs. Hill were the parents of thirteen children, all but one of whom are living, and with the mother were present at the bedside of their father when he was called to the Great Beyond, and at the services Sunday. They are as follows: Mrs. Alma Smith and Mrs. Frances Wallace of this city; William Hill of Canton, Ind.; Herbert Hill of East Chicago, Ind.; Herbert Hill of Peoria; Mrs. Edith Jamison and Mrs. Alice Boice of Beardstown; Ed Hill of Chandler, Ill.; Flora Hill of Arcadia; Mrs. Hazel Davidson of Barry; Mrs. Margaret Jokisch and Mrs. Rachel Wallace of Springfield. There are also 26 grandchildren and three great grandchildren.

Mr. and Mrs. Hill were the parents of thirteen children, all but one of whom are living, and with the mother were present at the bedside of their father when he was called to the Great Beyond, and at the services Sunday. They are as follows: Mrs. Alma Smith and Mrs. Frances Wallace of this city; William Hill of Canton, Ind.; Herbert Hill of East Chicago, Ind.; Herbert Hill of Peoria; Mrs. Edith Jamison and Mrs. Alice Boice of Beardstown; Ed Hill of Chandler, Ill.; Flora Hill of Arcadia; Mrs. Hazel Davidson of Barry; Mrs. Margaret Jokisch and Mrs. Rachel Wallace of Springfield. There are also 26 grandchildren and three great grandchildren.

Funeral Services Held For A. G. Hill

Virginia, Jan. 13.—Funeral services for Arthur G. Hill, well known Cass county citizen, were held Sunday afternoon at 2 o'clock at the Virginia Methodist church. Rev. J. W. Armstrong officiating. Interment was made in Walnut Ridge cemetery at Virginia.

Music was given by Mrs. L. Montgomery and Mrs. Lee Skiles.

The flowers were cared for by Mrs. Thomas Hare, Mrs. Elmer Carlson, Mrs. Sue Lancaster and Miss Iva Lancaster.

Grandsons of Mr. Hill were the casket bearers: Amil Hill, Arthur Jamison, Ted Jamison, Burwell Davidson, William Smith and Edgar Jokisch.

Mr. Hill was an old and respected resident of this city, and passed away Friday at the home of his daughter, Mrs. Alice Boice, in Beardstown, where he suffered a stroke a few days before. He was born in New York May 15, 1854, and came to this community at the age of 19, making his home with a relative, E. B. Randall. It was here he met his wife, Miss Jennie Fleming, of Ontario, Canada, who was visiting here, and they were married on March 4, 1881. The deceased followed the trade of wagon maker for a while, later farming in the Oregon community, and moving to this city, became sexton of Walnut Ridge cemetery in 1900, which position he held until forced by ill health to resign in 1933.
